## WILSON'S LETTER OFFENDS FRANCE WRITER ASSERTS

Paris Political Editor Objects to Reference to Imperialism.

SAYS WORK OF FRANCE IS COMPROMISED BY WILSON

Says Rhinehand Shares Fully Life of United Germany.

Paris, March 11.—President Wilson's charges against France made in the letter he sent early this week to Gilbert M. Hitchcock, Democratic leader in the United States Senate are said by "Pertinax," political editor of the Echo de Paris to be aimed at France by name, but as Marshal Foch by implication.

"The so-called imperialism of France," says the writer, in discussing Mr. Wilson's letter, "consists in the conviction, fortified by all the lessons of history that to guarantee herself against attacks from central Europe, she must hold the Rhine bridgeheads."

In the course of his article "Pertinax" says President Wilson went to the session of the supreme council on May 29, 1919 much perturbed and read to Premier Clemenceau and Lloyd George a letter from Pierrepoint B. Noyes, American member of the Rhinehand commission, who declared the administration of the Rhinehand was more brutal than its authors themselves would desire as it provides for intolerable oppression of inhabitants of the region during many years.

Mr. Noyes' letter added that American officers with whom he had discussed the question strongly supported his view and was accompanied by a plan of occupation involving a minimum of military domination. It is said.

"This plan," the article asserts, was nothing more or less than the convention providing for occupation of the Rhinehand signed with Germany at Versailles on June 28, 1919, because President Wilson was not satisfied with the imperialist state of the British army, received strict orders to prepare a new scheme of occupation based on American ideas.

The writer declares Marshal Foch in discussing the plan evolved by this commission, said:

"The Germans asked for an imperial commissioner and they were given not only a commissioner, but a civil administration commission, which is much more than they claimed."

"These words of Marshal Foch," he continues, "characterize the whole business today. In consequence it is plain to see Rhinehand shares fully in the life of United Germany and in the distribution of coal and German goods go so far as to distinguish between inhabitants she supports favorable or unfavorable to us."

In a word the work of France is compromised by Mr. Wilson's letter. President Wilson has no right to talk of our imperialism."

## SUE TO PREVENT SEWER ASSESSMENT

Ida M. Guerin, Cora May Miller and Henry Montgomery, through their attorneys McDonald & Slough and Fitzgibbon & Black, have filed a petition in the court of common pleas against the city, the city treasurer and the city auditor, in which they seek to prevent the special assessment made against their property for the construction of a sewer in the Oakwood addition. They allege that the sewer is of no benefit to their properties.

## MODISTES WILL NOT ADVOCATE CHANGES

Chicago, March 11.—Modistes who will hold a five-day semi-annual convention here beginning March 15, in connection with the fashion show of the Fashion Art League of America, will advocate there be no change in design according to an announcement today by Madame Alta Ripley, president of the league.

"Prices of materials and workmanship combine to make a radical change in style impossible. Never were American women so well dressed. The present modistes are adapted to them and conform to every woman's individuality. Women are expressing themselves in dress more subtly and more harmoniously than ever before."

## WIRE BRIEFS

Chillicothe—Layton DeWalt, 17, confessed murderer of his father, Noah, who he alleges attacked him with a knife.

New York—John P. Collins found guilty of grand larceny when claiming to be police officer he took \$5,000 from another man who rode an express car.

New York—Utilization of newly invented device enables persons standing about motor truck to hear wireless telephone conversation from persons in navy blimp hovering over city.

## AERIAL POLICE FORCE OF GERMANY STOPS AIR SMUGGLERS AT FRONTIER

German aerial police inspecting papers of aviator wishing to cross frontier. The newly-organized aerial police force of the German republic has, as one of its duties, the interception of air smugglers. All planes flying over the border are stopped and their contents examined by members of the force.

## OPPOSES ISSUING BONDS TO PROVIDE SOLDIERS' BONUS

Secretary Houston Declares Such Action Might Create Economic Condition Difficult to Handle.

Washington, March 11.—A bond issue of \$2,500,000,000 to pay adjusted compensation to former service men, "might result in disaster," Secretary Houston today told the house ways and means committee which is considering soldier relief legislation.

Increased taxes to extend aid to former service men was suggested by the secretary as "the least harmful way."

An attorney said bonds to replace other papers on the market at existing rates of interest would be difficult to sell.

"I don't know if we could float at a higher rate of interest," he told the committee. "If such bonds were floated it would tend to decrease values of present obligations."

Further credit expansion which has been a factor in the upward trend of living costs would be inevitable if any other bond issue were approved he said.

"We are doing what we can by prudence to bring about normal conditions of affairs, but I can't predict when we will return to the pre war state."

He said additional bonds would set up grave situations which he is not sure we could handle."

## SENATE ORDERS PROBE OF GRAIN CORPORATION

Washington, March 11.—An investigation of the United States grain corporation was ordered today by the senate.

Senator Reed's resolution proposing the inquiry as the result of recent reports of the federal grand jury at Spokane, Washington, was adopted after much discussion. The investigation will be made by the senate manufacturers' committee.

## ILLINOIS WOMEN BARRED IN PRIMARY

Springfield, Ill., March 11.—Attorney General Brundage today ruled that women cannot vote in the presidential primaries. His ruling was made on a request for information from Robert M. Switzer, county clerk of Cook county.

ROUMANIA TO MAKE PEACE. Bucharest, March 8.—Peace negotiations between Rumania and the Russian Bolshevik government will begin on Thursday at Dorna-Vatra, Bulowina. The Rumanians will demand the immediate withdrawal of Soviet troops from the frontier and the establishment of commercial relations.

LABOR OPPOSES STRIKE. London, March 11.—The special trade union congress in session here, voted overwhelmingly today against the strike policy and in favor of continued efforts by constitutional means to effect the nationalization of mines.

## ARREST TEN BOYS FOR MANY ROBBERIES

Louisville, Ky., March 11.—In the arrest of 10 young boys, Louisville police believed today that they have the perpetrators of more than 30 robberies in this city in the last few weeks. The boys with their "captain," Glen Hammond, 10 years old, were taken into custody on a charge of stealing articles from an automobile.

The arrests, according to the police, threw light on the robbery of a jewelry store of \$1,500 worth of goods; burglary of a five and ten cent store; the thefts of overcoats from office buildings; snatching purses from women and the smashing of store windows.

## VILLA WILL NOT DEMAND RANSOM

Mexican Rebel Leader Declares He Holds Americans Only as "Guests" and They Will Not Be Harmed.

Washington, March 11.—Relatives and friends of Americans kidnaped by Pancho Villa need have no concern as to their safety and may dismiss all fear that they may be held for ransom if they repose full confidence in a communication recently received from the Mexican bandit leader.

According to his note of reassurance, he has adopted the only practical means he can think of to get a friendly conversation with various representatives of Americans who cross his trail and while they are his "guests" they will be treated with every consideration and returned unharmed and unrobbed to their friends.

The substance of Villa's communication was transmitted unofficially to officers of the intelligence branch of the war department coincident with a consular report received at the state department announcing the release of Joseph Williams, who had been carried off into the mountains by Villa last week after an attack on a train on which Williams was a passenger. Williams was the fifth American captured by the outlaw in two months, all of whom have been released without the payment of ransom.

It was explained in the message Villa succeeded in getting here, that only a vague idea of what was going on in the outside world could be had where he was and a desire to learn more, to gain the American's point of view and a determination to give opportunities to carry back with them some of his own theories of what a government in Mexico should be had caused him to determine that he would release the captives without regard of their willingness to accept his invitation. He added that from time to time others interested not to become alarmed for it was no part of his plan either to injure them or collect ransom.

## STRUGGLE IS ENDED SUFFRAGE LEADER SAYS

New York, March 11.—"Suffrage is won. The words are simple, but they thrill as few words do or can."

This was the enthusiastic conclusion of Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, in a statement issued here on receipt of news that West Virginia had ratified the federal suffrage amendment. With West Virginia won and the Washington and Delaware legislatures meeting soon in special session, the opinion expressed at national headquarters last night was that "the struggle is over."

## SIMS SAYS NAVY WAS HELD HERE WITHOUT CAUSE

Admiral In Testimony Asserts That Cause Given Was Not Justified.

HAD NO REASON TO FEAR EXHAUSTED WORLD

Recommendations Carried Out Six Months After They Are Made.

Washington, March 11.—Indications that the navy department withheld sending all available American naval craft to European waters early in the war because of a desire to keep the main body of the nation's sea strength intact for possible eventualities, were contained in Admiral Sims testimony today before the senate committee investigating the naval conduct of the war. He read a cablegram from the navy department dated July 19, 1917, containing an outline of the department's policy and declaring that "while a successful terminal of the present war must always be the first allied aim, it will probably result in diminished tension throughout the world, the future position of the United States must in no way be jeopardized by any disintegration of our main fighting fleet."

The same cablegram, the admiral said, contained this statement: "The navy department announces, as its general plan of action the following: Its willingness to send its minor fighting forces in any future position of action deemed advisable by the allied admiralty council; its unwillingness as a matter of policy to separate any division from the main fleet for service abroad; and its intention to send the entire battleship fleet abroad to act as a united, but co-operating unit when the emergency is deemed to warrant it."

With regard to this message and statement of policy Admiral Sims said it was the "first definite statement of policy I had received, arriving a few days over three months after we had declared war."

The astonishing features of this policy, according to the admiral, stated our intention to co-operate to the fullest degree, still such co-operation was conditioned first upon an adequate defense upon our own waters and next upon the maintenance of the United States after this war was finished," said the admiral.

"I am wholly unable to conceive of any war policy, particularly in a world war of the nature, which was certain to exhaust all of the participants with the possible exception of ourselves based upon the requirements of any possible future war."

A message received from the navy department dated July 5, to the effect that several of the participants in the war were being "indicated" that they were at last beginning to realize that there was a war being fought in European waters" declared Admiral Sims.

On July 26 Admiral Sims testified he sent the navy department a review of the discussions of the allied naval council in which he stated that "it was made apparent that closer coordination of effort should be immediately established between the United States and the allies" and reiterated his previous requests for more small crafts with which to fight submarines.

Even as late as January 1918 he was still calling for more destroyers. Adm. Sims said he had been told by the navy department that the allies would lose the war unless the United States gave more complete naval cooperation were being justified by figures and the navy department was beginning to realize that there was a war being fought in European waters" declared Admiral Sims.

## WEST VIRGINIA O. K.'S SUFFRAGE

Victory Is Won By Women After Spectacular Fight Involving Hurried Trip of Senator From California.

Charleston, W. Va., March 11.—The West Virginia legislature ratified the federal suffrage amendment last night. Final action on the amendment was taken by the senate in adopting the ratification resolution of the house of delegates by a vote of 15 to 14.

The vote of Senator Jesse A. Bloch of Wheeling, who made a hurried trip from California to Charleston to vote on the amendment, was effectual in breaking the deadlock between pro and anti-suffrage forces.

Senator A. R. Montgomery was not permitted to vote, his seat having been declared vacant. He recently moved to Illinois. He opposed suffrage.

The final vote on the Anthony amendment was taken at 6:15 in the senate after one of the most dramatic sessions ever witnessed. For several hours suffrage leaders and their opponents fought to gain a definite advantage.

Halls and corridors in the state house were thronged with spectators, including hundreds of women, many of whom wore yellow flowers, as well as men.

The senate chamber presented a colorful picture with yellow flowers and ribbons as the scheme. Each senator had brought to his desk as many chairs as could be crowded about to vote on the amendment.

Once or twice in the course of Senator Wallace Gribble's address in behalf of the anti-suffragists, there occurred bursts of applause, which were stopped only after vigorous rapping by the president.

A few minutes after adjournment hundreds of men and women started a demonstration in the corridors, many of them having concealed tin horns about their persons.

POSTAL EMPLOYEES NEED MORE PAY HE ASSERTS

Akron, March 11.—W. H. Kroeger, real estate dealer and city councilman, today refused an appointment as civil service examiner. Another examination will be held soon it is said.

WASHINGTON GOES TO PANAMA. Washington, March 11.—General Pershing will leave about March 25 for the Panama Canal zone to inspect the military defenses there. This will constitute the last lap of his inspection tour of the nation's military posts. He will be away two or three weeks.

## SENATE AGAIN DELAYS ACTION ON ARTICLE TEN

Leaders Seek to Reopen Negotiations For Compromise.

SUBSTITUTE RESERVATION MAY YET BE ACCEPTED

Hitchcock Strives to Hold Administration Forces in Line.

Washington, March 11.—Senate action on Article 10 was deferred again today while the leaders sought to bring order out of the situation resulting from yesterday's break in the compromise negotiation.

Republican leaders were understood to have indicated that they might accept with certain changes, the substitute article 10 reservation urged by the mild reservationists.

Among the Democrats the compromise advocates continued actively at work, some of them claiming that they could muster 30 or more votes for the substitute.

Fighting to hold the administration forces in line, Senator Hitchcock of Nebraska, the Democratic leader, was understood to have suggested that an effort be made to get action in the senate today, but the Democratic and Republican reservationists obtained a delay while they continued their negotiations for an agreement.

## SENATOR'S SON HELD FATAL SHOOTING CASE

Alexandria, Minn., March 11.—Gustaf Nelson, son-in-law of United States Senator Knute Nelson, is in jail here today pending and inquiring as to the responsibility for the death of Joseph Middleton, a farmer who was shot late yesterday during a quarrel with Nelson.

The latter declared that the shooting was an accident.

Nelson is said to have gone to the farm of Theodore Jackson with whom he had had a dispute regarding cattle. Middleton lived with Jackson.

According to the authorities Nelson who was carrying his shotgun was intercepted near the location where Middleton died and an argument ensued.

Nelson declared that Middleton wrested the gun from him and broke it open releasing the safety catch. It was discharged while they were struggling for its possession, Nelson declared.

Nelson, who is 40 years old, married Miss Ida Nelson last year.

## NEGRO SLAYER IS ELECTROCUTED

Murderer Who Caused Riots at Lexington, Ky., Month Ago Pays For His Crime.

Eddyville, Ky., March 11.—Peter Kimbrough, alias "White Lockett," victim of Lexington, Ky., riots, was executed in the electric chair at Eddyville at 4:32 o'clock this morning.

Guards appeared at the prison early in the morning at 4:14 a. m. and immediately escorted the negro to the chair house. There were slight signs of emotion in his face as he was placed in the electric chair and the black lowered over his head. Prisoner Collier Collier turned on the electric current which killed Kimbrough within 15 seconds. He was pronounced dead at 4:32 a. m.

Two brothers of the Hardman and 27 Lexington citizens, together with eight soldiers and 12 prison guards witnessed the execution, which apparently was carried out without a hitch in pre-arranged plans.

The negro refused to make a statement. He was taken from his cell continuously, however, during the night he was heard praying aloud and singing religious hymns. He declared yesterday that he was ready to die, and that he was a good man. The old Hardman girl whom he had killed, and the entire Hardman family, the body will be buried in the prison cemetery this afternoon.

## SUGAR REFINERY MAKES 100 MILLIONS IN 1919

New York, March 11.—Net earnings of the American Sugar Refining company for 1919 aggregated \$15,230,000 against \$12,587,487 in the preceding year, according to the annual report the company issued today. The volume of business for 1919 amounted to 600,000 tons, an increase of about 100,000 tons over 1918, but the operating profit, according to the company's statement, remained at about 30 per cent.

Statement also declared that the company's share of business in the United States has decreased from 60 per cent in 1900 to 27 per cent in 1919 and that its competition has shown a corresponding increase.

AGED COUPLE WED. Cohasset, March 11.—Marriage of Robert Kirk, aged 82, and Mrs. Lockett Vincol, aged 78, at West Lafayette, yesterday, culminated a romance of childhood playmates begun more than 60 years ago. Each had been previously married.

TEXTILE WORKERS QUIT. Lille, France, March 11.—The strike of textile workers in Lorraine and Turgot is said, the number of persons idle being 650,000, according to estimates.

FOREIGN EXCHANGE GAINS. New York, March 11.—Foreign exchange continued strong today. The pound sterling opened at \$3.82 1/2, nine cents above yesterday's close.

### LIFT OFF CORNS!

Freezone is magic! Corns lift off with fingers without pain

Hurt? No, not one bit! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Freezone. Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious "other discovery" of a Cincinnati genius.

## SCHOOL LEADERS HIGHLY PRAISED

Treasury Department Official  
Lauds Ohio Superintendents.

### SAYS BUCKEYES LEAD NATION

William Mather Lewis, Head of Savings Division, Treasury Department, Declares No More Wholesome Education Can Be Carried on Than That Which Stresses Earnings and Savings.

Columbus, O.—(Special.)—"In this time of unrest and readjustment no more wholesome education can be carried on than that which stresses earning and saving." Thus wrote William Mather Lewis, director of the Savings Division, United States Treasury Department, in an open letter to the school superintendents of Ohio. Lewis further said:

"It is with great satisfaction that I have observed the fine record made by the schools of Ohio in the sale of Thrift and War Savings Stamps during the year 1919. I am advised that the per capita sale among these students was \$7 in 1919. In 1918 the per capita sales among these students was \$17. When one considers that the pressure of war was on at that time, the 1919 record does not make an unfavorable comparison. It is significant and heartening to note that because of salesmanship of a high educational order the redemptions have not been great.

"I understand that the per capita record in both years was the highest in any state in the Union. I am confident that a fine record will also be made this year. The interest being manifested in the savings movement throughout many of our states suggests that the competition for this year's supremacy will be very keen.

"The small securities issued by our government carry to our youths lessons in loyalty and solid patriotism. The boys and girls who buy and keep these securities realize that they are stockholders in our great nation. In promoting this movement, therefore, you are not only aiding the prosperity of the coming generation, but are strengthening the hands of our government."

**THRIFT TO GRAMS**

John Wanamaker—The first principle of money making is money saving.

Henry Ford—Thrift is one of the cornerstones on which manhood must be constructed.

Woodrow Wilson—I suppose no many fortunate by-products can come out of the war; but if the United States can learn something about saving out of the war it will be worth the cost of the war. I mean the literal cost of it in money and resources.

George Washington—Economy makes happy homes and sound nations; instill it deep.

Abraham Lincoln Teach economy. That is one of the first and highest virtues. It begins with saving money.

Theodore Roosevelt—Extravagance is a character trait youth away from it. The habit of saving money stiffens the will and brightens the energies.

William Mather Lewis—I can conceive of no better plan of saving than by buying War Savings Stamps or Treasury Certificates. They are on sale at all post-offices.

Urges Thrift Teaching.

Cleveland, O.—(Special.) William Mather Lewis, Director of Savings, United States Treasury Department, in an address before the National Educational Association here, urged the teaching of thrift in the schools in connection with the sale of War Savings Stamps. "I regard the savings movement—not only the teaching of the principle of saving, but the purchase of government securities—as highly educational," Lewis declared.

Advocate Want Ads bring results.

## REAL GENIUSES NOT "QUEER"

For Instance, Taking Insufficient Nourishment Cannot Be Taken as Mark of Brilliancy.

The legend that Meredith lived on the contents of a sack of oatmeal while he wrote his masterpieces is pure myth, writes St. John Ervine in the Manchester (Eng.) Guardian. He was particularly addicted to the pleasures of the table and could not have written his books on a diet of oatmeal. His letters are full of references to food and wine and, like Doctor Johnson, he contemplated writing a cookery book. He had the capacity, which every man of genius has, of being highly interested in the most ordinary things.

It is your third-rate person who is not interested in food and drink and the common things of life. Your man of genius demands that these things shall be so attended to that he can appreciate them at their best. Moreover, since eating and drinking are necessary to all of us, he wishes them to be done in such a way that he shall not be diverted from his job by complaints of the clumsy and insufficient arrangements for them.

Herbert Spencer complained of the stupid spouts that manufacturers put on jugs—so that it is impossible to pour liquid out of them without spilling it—and he went to the trouble to invent a paper fastener because he was dissatisfied with those in common use. A third-rate person would have been much too superior to think of such things.

### ODD GIFTS FOR PRESIDENTS

Many and Various Tributes of Affection Have Been Received by Chief Executives.

Early presidents of the United States received strange gifts during their terms as executives, the strangest of them all being, perhaps, the cheese sent to Thomas Jefferson, with the admiring inscription, "the greatest cheese in America for the greatest man in America." It was conveyed to Washington by a six-horse team. Jefferson insisted upon paying for it, and it lasted for a whole year.

Andrew Jackson was the recipient of such gifts as a whole hog from Kentucky, whisky from Pennsylvania, beef from New York and a cheese that weighed half a ton or more from New England. The Blue room in the White House contains the most famous of the gifts received by American presidents, the golden mantle clock presented to Washington by Lafayette, who received it from Napoleon. In the Green room is the Gobelin tapestry, made by a process which is now a lost art, which the Emperor of Austria gave Mrs. Grant.

**Triumph of Art.**

A young artist, out on a sketching trip, came across a living specimen of the "barefoot boy with cheek of tan," properly outfitted with rod and string of fish, and for a consideration induced him to pose for a sketch. In a few minutes there came along a man who would have been spotted instantly by a reasonably sophisticated observer as the head, theoretically at least, of a family. For half an hour he stood watching the artist work, then burst out in admiring enthusiasm:

"Well, sir, if that isn't wonderful! Beats all I ever saw!"

"Like the sketch, do you?" the flattered artist responded with a pleased blush.

"Sketch? Oh, that! Yes, it's all right, I guess. What I meant was that you have managed to keep that boy quiet for so long."—Philadelphia Ledger.

**Hard to Combat.**

A scientist said in a discussion of an anti-tuberculosis campaign:

"Ignorance—ignorance of hygiene—is our worst foe, and ignorance is very hard to combat.

"I am reminded of a story about a scientist who once came upon an old flint-cutter digging flints from chalk. The scientist, remembering a superstition prevalent among flint-cutters, said:

"Do you think flints grow?"

"I don't think nothin' about it, sir," said the old man. "I know they grow."

"Well," said the scientist, "take a flint home, put it on your mantelpiece, and see how much it grows in a year."

"All right, sir," said the flint-cutter; "and you do the same with a potato, and see how much it grows."

**Service.**

The man wished to spit, but it was a pay-as-you-enter car and he was out of luck. He rang the bell, got up and went to the door of the car. At the next corner the car stopped. The motorman opened the door for the man to get off, but he just spit and returned to his seat.

All the passengers heard the motorman say: "And still some people have got the nerve to kick on the kind of service we put out."—Indianapolis Star.

**Merchants in the Philippines.**

That a merchant does not need to have or retain a capital investment in an established business before he can be admitted to the Philippine Islands is the gist of a decision handed down in the case of a Japanese merchant who sold his business and came to Manila for the purpose of engaging in business in the islands. He was denied admission by the customs authorities on the ground that he did not belong to the class of merchants exempted in the immigration laws.

## UNCLE SAM'S JACK TARS TAKE TRIP SOUTH IN WINTER WITHOUT EXPENSE

When wintry blasts chill the marrow in the bones of Ohio folks, Uncle Sam's navy boys enjoy the balmy breezes of tropic climes. These pictures show many views taken at the Customhouse, Cuba, winter base of the Atlantic fleet. These pictures were received by Recruiting Officer Harold Wilkin, who is in charge of the naval recruiting station at 5 West Main street.

## B. & O. ENGINEER IS DEAD FROM ANAEMIA

Owen Stanton, 61, a B. and O. engineer, died Wednesday night at 10:40 at his home, 68 North Morris street. Death was due to anaemia. He had been in failing health for the last year. He was born in Licking county August 12, 1858, and had been employed by the Baltimore and Ohio road for 35 years, but had not been able to work since a year ago this month. He was a member of the Knights of Pythias lodge, No. 305.

Surviving are his wife, Mrs. Jennie Stanton, one daughter, Mrs. Roy Shirer of Akron, and one son, Wilber Stanton of Aurora, Ill., and a grandson, Donald Shirer. Mr. Stanton will arrive from Aurora tonight.

Funeral arrangements have not been made.

**ST. LOUISVILLE R. D. 2**

Mrs. John Glover is visiting her daughter, Mr. and Mrs. Thomas Drake and family of New York.

Ralph Titus, who has been confined to his bed with the grip, is able to be out again.

William Sterrett and Harry Maharg were Newark callers Thursday.

T. W. Flak slipped and fell off the icy and fractured the bone above the knee in his left leg.

J. F. Sterrett and Ed Flak were St. Louisville callers last Thursday.

Mrs. Maude Porter of Newark is spending some time with her parents, Mr. and Mrs. T. W. Flak.

Miss Daisy Coffman called on Miss Emma Maharg Sunday afternoon.

Sunday school was well attended at Sunday at Pleasant Valley. The Bible class getting the offering banner and the senior class the attendance banner.

About 30 young people met at the home of Janet Sterrett Monday evening to give their daughter, Mr. and Mrs. Shaw, an old fashioned birthday. They were invited into the house and the evening was spent in games.

**WANT FOOD CARS LIFTED.**

Madison, March 10.—Mayor of various cities in the province have petitioned the government to abolish the food ministry. They declare present regulations unnecessary, asserting they simply copy German rules during the war, which are inapplicable to this country.

**DRYS GAIN 28 VOTES.**

Columbus, March 11.—Thirty-eight votes were gained by the drys today in Toledo precincts in the recount on the federal prohibition amendment. The wet majority now is 172.

Cincinnati—Bryan Downey, of Columbus, knocked out Hoye Mullen, of Sidney, in fourth round of scheduled 10 round bout.

## SIMMS SAYS

(Continued From Page 1)

ing to carry out his recommendations of six and eight months before.

On April 23, August 24 and September 19, 1918, Admiral Sims said he wrote the department expressing his disappointment at the apparent non-success of the destroyer building program in the United States and urging the necessity of "speeding up" production of anti-submarine craft and sending every available small vessel to the war zone even at the expense of the protection of the coasts of the United States. "I am only introducing testimony so far along in 1918 at this time to bring out the accumulated effect on not having thrown our full weight into the war at the beginning," the Admiral said.

"The situation was so serious and the consequences of failure so terrible that I went beyond the channels which the navy afforded me and enlisted the services of such men as Ambassador Page."

Herbert Hoover will be called to testify in the senate investigation of the navy's conduct of the war.

Rear Admiral Sims told the inquiry committee that Mr. Hoover had an intimate knowledge of the situation in Europe at the time America entered the war and asked that he be summoned to substantiate the admiral's testimony with regard to the gravity of the allies' position at that time.

**Not a Likeable Fellow.**

The octopus derives its name from its eight tentacles that extend from a common center in which is located the head and body. Each of these arms has two rows of suckers which exert a tremendous pressure. This pressure, scientists aver, involves the same principle as is applied to a vacuum cleaner. The habitat of the octopus, instead of being in the great depths of the ocean, is generally in shallow places among the rocks, where it feels generally on lobsters and crabs and any other edible bottom that may be swept in by the ocean currents. Several years ago hundreds of these sea monsters appeared off the coast of England and France, and their appearance spelled ruin for the great fish food industries off those coasts. It was then said by scientists that they had evidently come from the Mediterranean sea, as a result of the warm summers of the years in question. The octopus is found not infrequently in the shallow waters in and around the keys of Florida and off the rocky coast of California.

## New Hat Styles

Spring colors and shapes that men and young fellows will take to with enthusiasm. Greens in all shades, browns and tannish tones, pearl greys and many new color changes.

**\$2.98, \$3.98, \$4.98, \$7.75**

## THE HUB

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

## DOCTOR JACKSON'S

Digestive and Liver Powder

Is compounded from a physician's prescription and has been successfully used for more than thirty years. Try it for your stomach.

Price 60c and \$1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville O., for sample package.

## THEY ARE SURE WHAT THEY ARE RECOMMENDED FOR

**CADOMENE TABLETS—ARE**

Mr. W. A. Kitzberger writes: "I wish to state that I am using your Cadomene Tablets, and I am on the third tube at this time. I must say that they are sure what they are recommended for and you can use my name as one to testify."

Cadomene Tablets, the favorite prescription of a great physician, are recommended to nervous, worn-out, tired people with stomach trouble and impoverished blood. These tablets are tonic to the various vital organs and soon restore health and strength. Sold by druggists everywhere in sealed tubes.—Adv.

## HOW TO ACQUIRE HAIR BEAUTY

You can enjoy a delightful shampoo with very little effort and for a very trifling cost. If you get from your druggist's a package of canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply to the top of the head. Instead of just the top of the head, your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dirt, dandruff, excess oil and dirt. After rinsing the hair dries quickly without fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Adv.

## BLISS NATIVE HERB TABLETS

Why permit your LIVER and KIDNEYS to remind you constantly of their unhealthy condition when BLISS NATIVE HERB TABLETS, taken at regular intervals, will free you from pain, keep your system in sound, healthy condition, and ward off disease? George Stanek, Bayonne, N. J., writes: "We are using these tablets in our family all the time. Previous to this we were all going to the doctor, but his medicine did not seem to help and we did not get relief until we began to take the tablets." Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. For sale by all leading druggists in boxes containing 200 doses for \$1.00 and a smaller size for 50c. Made by A. O. BLISS CO., WASHINGTON, D. C.

## HAVE STRONGER BODY AND BRAIN

If Your Nerves are Shattered by Worry, Overwork, Over Indulgence or by Excess of Any Kind—Evans Triple Phosphates are What You Need Right Away.

It matters not what excesses have wrecked your nerves. Evans Triple Phosphates are guaranteed to stop your trembling, to restore your confidence, to drive away forgetfulness and to make your mind keen and alert to change your sluggish disposition for a vigorous, active one or money back.

If you have worked too hard, lived too rapidly or have become weak, nervous and lost ambition because of excesses, arouse yourself right now and get a large 15-cents bottle of Evans Triple Phosphates.

Take according to directions or as your physician may direct for at least 10 days and then if you don't feel stronger, better and more ambitious, get your money back. That's how speedily it acts.

All pharmacists dispense Evans Triple Phosphates in the original bottle. Evans Cut Rate Drug store keeps it on hand all the time and says the demand is increasing every day.—Adv.

Mr. Bryan used to look forward to the happy days when silver would sell at \$1 an ounce. And here it is selling for \$118, and few of us are any happier than we were in 1896.—Cleveland Plain Dealer.

## COMMON WITCHHAZEL FINE FOR SORE EYES

It is surprising how quickly eye in-  
flammation is helped by common witch-  
hazel, camphor, hydastis, etc., as mixed  
in Lavoptik eye wash. One elderly  
lady, who had been troubled with  
chronic eye inflammation for many  
years, was greatly helped in two days.  
We guarantee a small bottle of Lavop-  
tik to help ANY CASE weak, strained  
or inflamed eyes. Aluminum eye cap  
FREE. H. F. Collins. (Adv.)

## OPTOMETRY— ITS VALUE TO THE PUBLIC.

By O. P. COOK.

Regarding the Optometry law, it  
should be stated that each state in  
framing its law has benefited by the  
experiences of those having laws pre-  
viously. So that at present an Opto-  
metrist is not only a protection  
to the Optometrist, but an assurance  
that the public by submitting to an  
examination by an Optometrist will re-  
ceive a skilled service—a service which  
assures the best possible results in ev-  
ery case.

We shall have in a subsequent talk  
something to say in explanation of  
what an Optometrist's services consist  
of its importance and value.  
It is information with which every  
person should be familiar. Watch for it.

O. P. COOK  
Optometrist

Next Door to Warden Hotel

## SCOUTS TO BUILD HOUSES FOR BIRDS

Prizes Will Be Offered For  
Best In Several Classes—  
Scouts Divided Into Two  
Groups.

The Newark Council Boy Scouts of  
America has inaugurated a spring  
bird house building contest for all  
scouts under the jurisdiction of the  
Newark council. The contest opened  
on March 10 and runs until April 7,  
awards to be made on April 10.

The boys are divided into classes, the  
first and second class scouts competing  
and the tenderfoot scouts competing.  
The prizes are divided into classes, two  
prizes for martin houses, two prizes for  
blue bird houses, two prizes for wren  
houses, two prizes for food shelter, two  
prizes for other variety of bird houses.  
At the completion of the contest these  
houses must be put up at some point  
where the birds can take advantage of  
them for nesting purposes this season.

One of the scout laws subscribed to  
by a boy when he becomes a scout is  
"A Scout is Kind" and kindness to  
dumb animals is especially emphasized.  
Each scout pledges to "Do a Good  
Turn Daily." This contest will carry  
out both laws.

All houses entered will be displayed  
at some point to be designated later  
in the contest.

## LIFE-EXTENSION

Most People Are Dead at 60—Eyesight  
Begins to Dim at 50.

When is the deadline reached in hu-  
man life? This question has been the  
cause of scientific inquiry by many  
eminent scientists.

It has been learned from many cen-  
suses that in cities the average man  
dies at 66 and women at 61. Farm peo-  
ple live longer, men average 66 and  
women 68.

Vitality begins to wane at 30 and wo-  
men hit the down grade faster than  
men. Eyesight begins to dim at 50.

When a person lives beyond 70 they  
are living on borrowed time.

But away off in Oriental Europe in  
this famous Balkans live a race of peo-  
ple called Bulgarians, who consider  
themselves still young at 60, and only  
in their prime at 80. Thousands live to  
be 100 year old and over. Sickness and  
disease is almost unknown among them,  
and many centuries the Bulgarians  
have relied upon nature to keep them  
 hale and hearty. They use a Blood Tea  
composed of herbs, roots, barks, leaves,  
seed, berries and flowers.

Bulgarian Blood Tea when brewed  
and taken hot at bed time removes the  
dangerous poisons from the system,  
freshens and enriches the blood, tones  
and stimulates the liver, cleanses and  
purifies the kidneys and keeps the stom-  
ach and bowels in a healthy condition.

Bulgarian Blood Tea was first intro-  
duced in America about twenty years  
ago by H. H. von Sollek of Pittsburgh,  
Pa. Its fame has been so great that to-  
day it is used the world over and praised  
by millions of sufferers fighting dis-  
ease and warding off old age weak-  
nesses. They include happy girls, bud-  
ding into womanhood for women cross-  
ing precarious thresholds of life. All  
praise and commendation to them. Never  
lose their strength and vitality; the blood  
becomes rich and pure and the snap  
and sparkle of good health return to  
those who were in despair. Just ask  
your druggist today for a trial package  
of Bulgarian Tea, and you will never  
regret the time you spent in reading this  
item.—Adv.

## 'AT SIXTY-TWO HE IS TO REPRESENT U. S. IN OLYMPIAD

Dr. Graeme M. Hammond.

Dr. Graeme M. Hammond, sixty-  
two, is to represent the U. S. in the  
Olympic games at Antwerp. He will  
compete in the fencing matches. He  
is president of the Amateur Fencing  
League of America. He is a former  
national fencing champion and, in  
1912, was one of the American fenc-  
ing team which competed at Stock-  
holm.

However named and proclaimed on  
future November 11 will have the tang  
and tingle of the first armistice day—  
Boston Herald.

Nothing will give the President more  
pleasure some time than to submit to a  
cross-examination by Senator Moses for  
the purpose of testing his combat  
functions.—Springfield Republican.

A Pittsburgh firm does business with  
out a sign and the late J. H. Carey, for  
years a successful business man in Lee,  
never had a sign on his store.

## JUST LEAVE IT TO TERRY

Harvard Authorities and Students  
Rely on Memory of Colored  
Human Encyclopedia.

No one knows how he does it. He  
doesn't know himself. Yet Terry never  
forgets a face or a name. He never  
took a memory course. He never did  
any special mental gymnastics to de-  
velop his memory. He has no theories  
on the association of ideas. He has  
no little tricks, such as remembering  
a man's name is Carpenter because he  
is built like a lath. He simply re-  
members, that's all.

Terry is a roly-poly little colored  
man who for 19 years has been the  
human encyclopedia of the recorder's  
office at Harvard college. Every Har-  
vard man since 1900 knows Terry. The  
remarkable thing is that Terry knows  
every one of them. More than 10,000  
men have come and gone in Terry's  
time. Terry remembers them all.

His extraordinary faculty for re-  
membering names and places caused  
his being installed in the position of  
living encyclopedia, not only on all  
Harvard men, but on Harvard history  
generally. When members of the fac-  
ulty want to know the date of the fire  
in Weld hall, or when the course Gov-  
ernment 7B was started, or the names  
of the most recently elected overseers,  
or the score of the Harvard-Williams  
baseball game ten years ago, or any  
miscellaneous bit of Harvardiana they  
don't take the time to look it up. They  
ask Terry. And Terry always knows.

## LIKE EACH OTHER'S COMPANY

Stones Found in Nevada Seem to Have  
a Distinct Aversion to Being  
Separated.

In Nevada are found curious min-  
eral specimens known as "sociable  
stones." No better name could be  
given them, since when a few are dis-  
tributed over a level floor two or three  
feet apart they will begin to move  
toward one another to a common cen-  
ter with an alacrity that is ludicrous.

Campers first noticed these stones.  
They had used wrapping paper for a  
tablecloth and weighted the corners  
with some of the stones spread over  
the level top of a boulder. A few mo-  
ments later one of the men noticed  
that the paper was flapping in the  
breeze and that the four or five stones  
were huddled in a group in the middle  
of the paper like a nest full of eggs.  
He thought the wind was responsible,  
straightened them and added more  
stones.

The next time he looked around the  
stones were back in the heap again.  
Once more he replaced the stones and  
sat down to watch them. They began  
to roll and hitch along toward one  
another again until they were in a pile.

## "Who Wrote It?"

When Demetra Vaka, author of  
"Haremlik" and "In the Shadow of  
Islam," first came to America she was  
governess for a year to the two little  
grandsons of J. Fenimore Cooper.  
The children had been brought up  
with the utmost reverence for their  
famous grandfather, and had uncon-  
sciously imbibed the belief that all the  
world's best literature was the of-  
spring of his pen.

Something was said in the elder  
boy's hearing one day about one of the  
books of the Bible, with some refer-  
ence to its authorship, and the boy  
looked up at his governess with a  
startled face.

"Who wrote the Bible?" he demand-  
ed, as one whose first faith has been  
shaken.

Demetra Vaka explained as best as  
she could about the various books, and  
the boy sighed, still a bit incredulous.  
"I always thought," he said slowly,  
"that grandfather wrote it."

## The Trend of the Times.

President Kroeze of Jamestown col-  
lege was talking about the trend of  
the times.

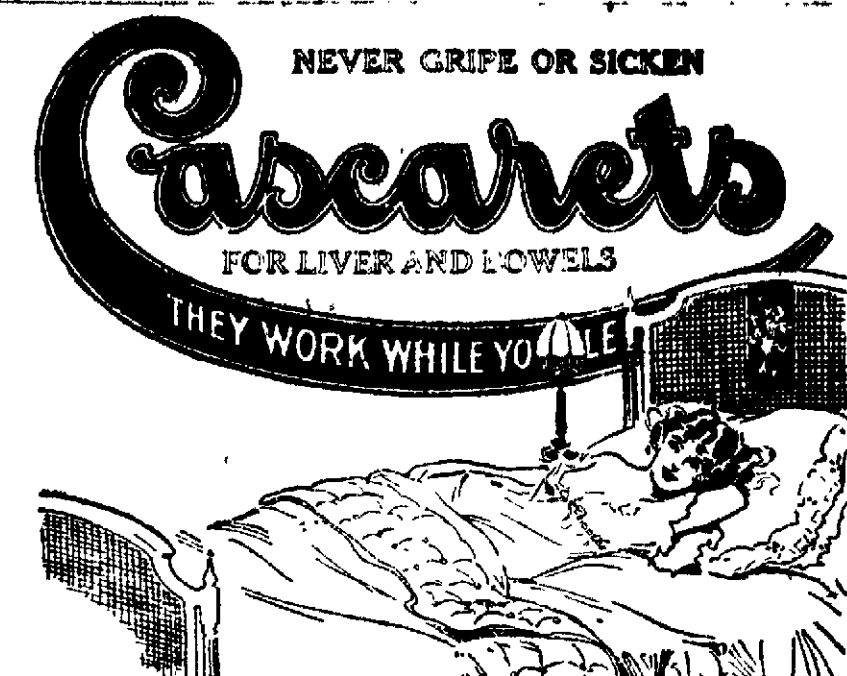

"A minister," he said, "had a forcible  
reminder of the trend of the times the  
other day. His brother-in-law, a  
lawyer whom he'd always rather  
looked up to, hailed him and asked  
humbly for the loan of a two-dollar  
bill. The minister made it \$1 and  
proceeded on his way. He had not  
gone far when an automobile stopped  
and his cousin, a horny-handed milk-  
wagon driver, whom he'd always  
looked down on as a poor relation and  
miserable failure, leaped out and  
asked him to get in and have a run  
out to Ye Village June roadhouse,  
where a very neat chicken and waffle  
luncheon was being served at five a  
plate."

## Passing of a Pre-War Pet.

Nowadays, if you decided to make a  
present to your youngest nephew, you  
couldn't find a Japanese waltzing  
mouse in the country. It is true that  
their dervish dance is out of date in  
this age of shimmy shakers. But that  
doesn't account for their extinction.  
The war, which took so many lives,  
reached even to the mouse world.  
Breeder no longer raise these eccen-  
tric little creatures, according to Ed  
Honey, the bird and fish man. Per-  
haps they still live in Japan, where  
they are kept through immigration  
laws. But as far as this country goes,  
these busy pets of children are now  
but a memory.—Minneapolis Journal.

Gum From Sorghum Husks.  
French scientists have found that  
sorghum husks yield a gum which can  
be used for drying wool, silk, leather  
and vegetable fibers. The possible  
colors, which are sun proof and soap  
proof, are various shades of red and  
pink, gray and dark brown.

The Arctic fox is brown in summer  
and white in winter.

## REDUCING YOUR TAXES

There are many preferred stocks that are  
tax free in Ohio, a purchase of which will  
reduce your taxes. But there are only a lim-  
ited number that combine the double advan-  
tage of tax exemption and also a high degree  
of safety of both principal and income.

You will find investments of this latter type  
among some of Ohio's old established corpo-  
rations—companies that have proven their sta-  
bility as well as their ability to earn dividends  
over a long period of years.

A list of such investments, together with a  
description of each of them, will be gladly  
furnished upon request.

Entered as second-class matter March 10, 1882, at the postoffice at Newark, N. J., under act of March 3, 1879.

Member of the Associated Press.  
The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited in this paper and also the local news published herein. All rights of republication of special dispatches herein are also reserved.

GUARANTEED CIRCULATION.  
The circulation of The Newark Advocate has been audited by the Audit Bureau of Circulation, the recognized authority on expert circulation examination.

Some one wants to know what has become of the young crowd that used to have such jolly times going on ham sandwiches picnics? O well, they are old fogies now, and their children are hiring the swellest orchestra within 100 miles for their next dinner dance.

It is not reported that the people are standing in line at the public libraries to get that 3000 page book that records the senate speeches on the League of Nations.

Some of these towns that brag so loud about their rapidly increasing population figures, don't say a word about the number who can't read and write.

Business women are planning a combined move for sensible dress. It won't succeed, because it won't help the style makers sell any more clothes.

It is not true that a lot of people are making no effort, as they are trying hard to see which will do the least work.

**DIVORCES IN CANADA.**  
(Ohio State Journal)

Ontario and Quebec are the only provinces of Canada that have no divorce courts. Quebec is strongly opposed to divorce, but Ontario is seeking the establishment of divorce courts and is bill creating them is pending in the Canadian parliament. In Ontario parties seeking divorce must ask for the passage of a private bill for their relief. The trial takes place before a legislative committee. Relief depends wholly on the members of the committee. The cost frequently runs above a thousand dollars and entails a development from the proceedings. In seeking the establishment of divorce courts the province says it wants to provide relief for the poor that is impossible with present costs before parliament.

But the poor, in many cases, secure legal residence in the United States. Detroit is the favorite stopping place and has become the Canadian divorce station. It has added enormously to the number of divorce cases and has aroused the ire of Detroiters many times, by making unpleasant record for the city. Whether these American divorces would be legal if tested is a question, but the test suit has not been filed thus far.

**QUAKER QUIPS.**  
(Philadelphia Record.)

Thou shalt not covet the gold that is in thy neighbor's teeth.  
Many a man has been thrown in the shade by the shadow of suspicion.  
Every man must carve out his own fortune, but it takes pretty sharp tools.

Even the man of many parts may not always be able to pull himself together.  
The fellow who has his leg pulled may be pardoned for indulging in a lame excuse.  
Woman is a natural reformer, but she doesn't always realize it till she gets married.

It is only where temptation is concerned that some people follow the line of least resistance.  
Hardup is a most amiable sort of a fellow, even if he never does pay anything he owes. Slobbs—"Not even a grudge, eh?"

"It's the little things that count," quoted the Wise Guy. "That's right," agreed the Simple Mug. "A tiny flea can bring the biggest dog to the scratch."

Mrs. Muggins—"Some men seem to think they can accomplish anything." Mrs. Buggins—"Yes, isn't it ridiculous? I have even seen an old bachelor trying to amuse a baby."

**GOVERNOR COX.**

It is pleasing to Ohio Democrats to see their three-time governor take a commanding place among the major candidates for the Democratic nomination for the presidency.

Clearing of the party's political skies in Ohio has done much to increase the likelihood of Gov. Cox's nomination. In addition it has brightened the outlook for the state ticket in Ohio, which also means the county and district tickets as well.

The Democratic party is in splendid position just now in Ohio. Delegates and alternates from Ohio, accompanied by large numbers of the party from all sections of the state, will go to San Francisco confident of securing the nomination of the Buckeye governor. They firmly believe that he is the one Democratic candidate who is strong enough to lead the party to victory in this fall's campaign.

Rank and file and the leaders in many other states have long regarded the governor as one of the major candidates. Sentiment in his favor is crystallizing in other states now. It is taking the form of active interest in his behalf.

It is quite likely that the Ohioan will go before the convention with an imposing array of delegates pledged to his support. Ohioans are certain that in the event of Governor Cox's nomination the Buckeye state, which saved the situation in 1916, will remain in the Democratic column in 1920.

**MURINE'S** Eyes, Redness, Swelling, Itching, Smarting, Burning, Stinging, Irritation, Inflammation or Gravelled, or any other eye trouble. Safe for Infants or Adults. Write for Free Eye Book. All Drug Stores. Write for Free Eye Book. All Drug Stores. Write for Free Eye Book. All Drug Stores.

## WOMEN INSPECTORS.

The state health commission of Oklahoma, is going to appoint an experienced woman housekeeper as a state hotel inspector. It would seem to the Advocate that this official has a good idea, and that many forms of inspection work in Ohio and in the federal service also could well be performed by women.

If competent housekeepers were inspecting meat and other products, and watching the observance of law in other fields, there would be a tendency toward stricter standards.

Government and state inspection work has always seemed attractive to some political workers, who have looked on such positions as soft snap jobs. But public welfare depends upon faithful performance of these duties. Competent women inspectors would bring a new spirit of house wifely thoroughness into many departments of public service.

Some one wants to know what has become of the young crowd that used to have such jolly times going on ham sandwiches picnics? O well, they are old fogies now, and their children are hiring the swellest orchestra within 100 miles for their next dinner dance.

It is not reported that the people are standing in line at the public libraries to get that 3000 page book that records the senate speeches on the League of Nations.

Some of these towns that brag so loud about their rapidly increasing population figures, don't say a word about the number who can't read and write.

Business women are planning a combined move for sensible dress. It won't succeed, because it won't help the style makers sell any more clothes.

It is not true that a lot of people are making no effort, as they are trying hard to see which will do the least work.

Whenever you commend, add your reasons for doing so; it is this which distinguishes the approbation of a man of sense from the flattery of sycophants and admiration of fools.—Steele.

**A Popular Author.**  
"I surely like that writer's lines," remarked Aurelius Thibod; "His first name I don't know, he signs his stuff just simply 'Idd'."

**The Cauder of Doc.**  
Aunt Culline says—Yesterday whilst I were in at Doc Carver's office, it were jest full o' coffin people. Doc bean about run off his lungs, throw so many people a-having the grit or the faw. An' a kind o' dead lookin' man says to Doc, "Doc, will you please fill out this here deth certificate?" he says.

**BUELAH**  
The Beautiful Blonde Button-Maker.  
(By Willie Gett.)  
Chapter XVIII.  
Learn thou the truth this maxim does afford:  
"A guilty conscience is its own reward." Ah, gentle readers, if any, in our lives there comes a time when we, two, hang, so to speak, by a single hair. No sooner did Buelah here the voice of her invisible lover than a smile lit up her countenance.  
"This suspense is awful!" cried she. "If you have a few min, to spare, would it be to much trubbel for you to save me?"  
"No trubbel at all—I haven't nothing else to do," cried Harold, and without stopping for breath or anything, he grasped the girl by her single hair and hawled her, hand over hand, to safety.  
"Much obliged," breathed Buelah. "And now," exclaimed our hero, "we must see what has become of our wicked enemy." Advancing to the edge of the precipice, the lovers looked down into that awful abyss, expecting to see the mangled form of Guesten-werter far, far below. But no, the arch demon had escaped his just deserts, for in falling his trousers had caught onto a slender twig half way down the precipice, and there the wretch hung.  
"Ah! Ha!" quoth Harold, shying a small rock at the head of the erst-while butcher. "You can stay for the present. When we get back to Newark, we'll send the fire dept. out with the new extension ladder, and the fire ladders can extricate you and turn you over to the proper authorities."  
When Bueh heard these words, his brow lowered in anger and his shrieks of rage were fierce. With a shudder, our heroine and her sinner turned away to shut out the awful sight from view. (To be continued.)

**And They Got Away With It.**  
Now that prices have increased to the breaking point, there is nothing for the downtrodden producer to do but to reduce the measure. We saw in market yesterday a few tortion little yearling turkeys huddled together in the corner of a quart berry basket. Upon asking the price were told that they were tortion cents. "But," we protested, "the basket is not full." "No," condescended the autocrat of the dinner table, "we can't afford to fill it." And now we are wondering what they will sell for put over on us when the berry season arrives.

**TIMELY QUERIES.**  
(March 11.)

1. Today is Mi-Careme. What is its meaning?  
2. Who was Benjamin West, who died one hundred years ago today?  
3. Which college was the first in the world regularly organized for the medical education of women and incorporated seventy years ago today?  
4. Crown Prince Frederick, eldest son and heir of King Christian of Denmark, celebrates his twenty-first birthday today. What peculiarity exists with regard to the names of Frederick and Christian in the line of Danish rulers?

Today the British Trade Union Congress is to hold a special meeting to decide whether "direct action" shall be resorted to in order to compel the government to nationalize the coal mines. What is meant by "direct action"?

**Answers to Yesterday's Queries.**  
1. Czar Alexander III. of Russia was the father of the late Czar Nicholas II.  
2. Women were first permitted to serve on juries in Wyoming because it was in that state (then a territory) that women were first given the ballot and the full rights of citizenship, in 1869.  
3. It was off Cape Trafalgar that a great naval victory was gained by the British, under Nelson, over the combined fleets of France and Spain, in 1805.  
4. Sir Clifford Sifton is a prominent Canadian statesman who served as one of the Dominion representatives in the Peace Conference.

5. The basketball amateur championship of the United States is now held by the team of the Los Angeles (Calif.) Athletic club.

**Pointed Observations**

"Gone Four Months: Wife Hopeful." runs a headline. It's wonderful, the optimism of these women; how they'll believe that he'll never come back, when he may have been merely off on a search for a drink.—Savannah News.

The trouble is the more energetically the country tries to enforce the dry law the thirstier it gets.—Baltimore American.

There'll be no more cheap meat until the Democratic donkey starts eating big juicy steaks out of the carcasses of the deceased Republican leaders the day after the Presidential election.—Charleston News and Courier.

How Colonel George Harvey would like to get Mr. Lansing to write a long piece for his paper!—Boston Globe.

Russia's internal affairs are none of our business, her internal affairs are our chief concern.—Arizona Republican.

It stops headaches, dizziness, im-

**The Amateur Gardener.**  
"I'll grow some stuff this year, I vow!" Wise Mr. Subbubs chants; "I think I'll plant some oysters now. And raise some little chucks."  
—Luke McLuke.

Would gardeners successful be. They should know all the tricks: If Subbubs plants some chickweed, he May raise some little chucks.

**Did You Know?**  
That there is a tree in Malabar, British India, called the tallow-tree? It has leathery leaves from four to ten feet long and bears panicles of white, fragrant flowers. East Indian copal is obtained from it by making incisions in the stem; and by boiling its seeds, there is obtained a firm, white, vegetable tallow, which, being without unpleasant smell, is particularly suitable for candles or soaps.

**Blow, Blow, Blow.**  
Today he touched me for a loan. He is the fellow who, When all his good hard cash is blown, Is naturally blue.  
—Newark Advocate.

I hated to refuse him. But my dough I freely blew. And I knew the blues would bruise him. Yet I had the same blues too.  
—I. G.

**Good Dogs!**  
This rhyme should help you on your way. And fill your life with cheer: You should believe all that you say, But not all that you hear.  
—Luke McLuke.

And as you fare along your way, Remember this is true: If you believe all that you say, Then, other folks will, too.  
—Newark Advocate.

If other folks believe in you And trust the things you say, You may be sure, if you are true, They'll help you on the way.  
—Canton News.

**Sounds of Spring.**  
Much longer it's getting From daylight to dark: And soon we shall notice The sassafras bark.  
—Newark Advocate.

Grandfather soon will Go out at spring's call And dig up the parsnips He buried last fall.  
—Canton News.

**Married Strangers**  
A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grow apart while the man was off to war.  
By FRANCES DUVAL.  
Copyright, 1919, by The Wheeler Syndicate, Inc.

**XCIV.—Premonitory Symptoms.**

Keitha flushed resentfully at Bennett's sarcastic reference to her new acquaintances. For that reason was more gracious than she would have been under other circumstances.

When they had passed on, she turned to Bennett with a little flare of anger. "How dare you say such things to me! As if I had been guilty of a common flirtation! I was introduced to a Mr. Copley-Warner, a missionary, a Miss Caldwell, who has gone to her state-room to be luxuriously seasick."

Bennett shrugged. "And who vouched for your missionary?" he inquired, lighting a cigarette. "Lester, you are as snobbish as—as a charming little woman and she was reading a Bible."

Bennett laughed outright. "What an innocent child you are! I dare say anyone could win your undying confidence if they came wrapped in the outward sanctity of religion."

"Please give me the credit for some power of discernment," replied Keitha with dignity. "I rarely make a mistake in people."

"I was evidently your first failure. And a disastrous one at that."

Keitha was about to reply. She was watching the last faint outline of land recede into the mist. The ship had turned her nose to the open sea and was proceeding under her own steam. The friendly tug, bearing the pilot, was a blur in the distance.

"No land again for six days," commented Mr. Copley-Warner, generally as he sauntered past bent on an after-luncheon constitutional.

"Did you see that pilot chap when he went off? Regular boy. We old men haven't much about these days. It was dashed and gone. I thought the boat would capsize sure. Think I'll be a rough trip, Captain?" addressing Bennett.

"I don't know, I'm sure," returned Bennett a trifle stiffly. "I'm not an old sailor."

"But you did the Atlantic in midwin-

Tomorrow—Afternoon Tea.

**TRIED ALL THE REST FOUND REDEX BEST**

**Marion Woman Discovers a Remedy Which Afforded Her Prompt Relief In Short Time.**

Many people nowadays are apt to use drugs for quick relief every time they have an ache or a pain. This is only temporary treatment and is bad for the system generally. If persisted in it will lead to serious complications and even serious illness that might have been avoided. Take the common complaint of constipation—everyone knows or should know, that every dose of a cathartic gives relief only for the time being and in reality aggravates the trouble. If you take cathartics continually you are liable to have chronic constipation. It is the same way with stomach trouble, headaches, dizziness or liver and kidney disorders. If you have gas on the stomach or pains after eating and take a painful, bearish dose of soda, charcoal, or what not, you are only getting temporary relief. The same thing applies in curing a headache with headache powders. As a matter of fact, you are in a worse condition as soon as the acute part of the attack is over.

Redex banishes constipation because it is mildly laxative and soothes the cause—stomach trouble. It stops pains in the stomach and gas belching because it drives away the catarrhal inflammation which is causing the trouble. It stops headaches, dizziness, im-

# Four famous treatments for improving your skin

**D**O YOU ever feel dissatisfied with your appearance—wish this or that were different, and long to change it?

One thing you can change—and that is your skin.

Any girl can improve her appearance by *improving her complexion*. With the right care you can make your skin so lovely in its softness, its smooth, fine texture and brilliant color, that it will outweigh almost any other advantage you could possess.

Remember that *your skin changes in spite of you*. Each day old skin dies and new skin takes its place. No matter what defects your complexion has suffered from in the past—by regular treatment you can give *this new skin* the loveliness and charm it should have.

Read the four treatments given on this page. Each one of them tells you some special way of improving your complexion. If your skin is too oily—you can make it smoother and drier by using the famous Woodbury treatment given here. If you are troubled with blemishes—with conspicuous nose pores—use the special treatment indicated for your condition, and see how quickly your skin gains the clearness it has lacked. Is your com-

plexion pale and sallow? By the new steam treatment you can make it glow with radiant color.

Don't neglect your skin—begin today to make it as smooth, clear, and flawless as it should be. In the famous booklet wrapped around each cake of Woodbury's Facial Soap, you will find not only the four treatments given here—but additional treatments for all the commoner skin troubles. Find the treatment your individual type of skin demands, and begin using it tonight.

The very first treatment with Woodbury's will leave your skin with a slightly drawn, tight feeling. This only means that your skin is responding to a more thorough and stimulating kind of cleansing than it has been accustomed to. After a few treatments this drawn sensation will disappear, and your skin will emerge with such a soft, clean, healthful feeling, that you will never again want to use any other method of cleansing your face.

Woodbury's Facial Soap is on sale at all drug stores and toilet goods counters in the United States and Canada. The famous booklet of treatments is wrapped around each cake. Get a cake today and begin your treatment tonight. A 25-cent cake lasts for a month or six weeks of any treatment or for general cleansing use.

**OILY SKINS—**  
*How to correct them*

First cleanse your skin thoroughly by washing it in your usual way with Woodbury's Facial Soap and warm water. Wipe off the surplus moisture, but leave the skin slightly damp. Now with warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment will make your skin fresher and clearer the first time you use it. Make it a nightly habit, and before long you will see a marked improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Sample cake of soap, booklet of famous treatments, and samples of Woodbury's Facial Powder, Facial Cream and Cold Cream sent to you for 15 cents.

For 6 cents, we will send you a trial size cake (enough for a week or ten days of any Woodbury treatment) together with the booklet of treatments, "A Skin You Love to Touch." Or for 15 cents we will send you the treatment booklet and samples of Woodbury's Facial Soap, Facial Powder, Facial Cream and Cold Cream. Address The Andrew Jergens Co., 900 Spring Grove Avenue, Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 900 Sherbrooke St., Perth, Ontario.

**CONSPICUOUS NOSE PORES**  
*How to reduce them*

Dip a cloth in very hot water; lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Finish by rubbing the nose for thirty seconds with a lump of ice.

Do not expect to change in a week a condition resulting from long neglect. But use this treatment persistently, and it will gradually reduce the enlarged pores until they are inconspicuous.

The booklet containing the famous Woodbury treatments for all the commoner skin troubles, is wrapped around each cake of Woodbury's Facial Soap. Find the treatment for your skin—begin using it tonight.

**SKIN BLEMISHES—**  
*How to get rid of them*

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap and then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy, cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Then rinse very carefully, first with clear, hot water, then with cold.

The regular use of Woodbury's in cleansing your skin will discourage the tendency for new blemishes to form.

**PALE, SALLOW SKINS—**  
*The new steam treatment for them*

One or two nights a week, fill your wash bowl full of hot water—almost boiling hot. Bend over the top of the bowl and cover your head and the basin with a heavy bath towel, so that no steam can escape. Steam your face for thirty seconds.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice.

The other nights of the week, wash your face thoroughly in the Woodbury way, with Woodbury's Facial Soap and warm water, finishing with a dash of cold water.

The very first time you use this treatment your skin will gain in loveliness and color.

## "Mary Pickford"

This is the story of a little boy who called Mary Pickford "Mary Pigfoot." It happened in Pasadena, Cal., where Miss Pickford was making scenes for "Pollyanna," her newest photoplay, when he was shown at the Auditorium theater and the little boy's name is—but we won't tell his name because he is very, very sorry.

The Marengo Avenue School had been given a half-holiday so that the children could see "America's Sweetheart" work. As the pupils, five hundred in number, marched up two by two, one little boy shouted, "Hello, Mary Pigfoot!"

Miss Pickford, made up as a little girl and looking no larger or older than the little school girls who had come to see her, turned to the lad, astonished.

"Now, do you think that was a nice thing to say?" she asked. "I'm surprised that all the boys in Pasadena were nice little boys."

At this the youngster's face fell, and his schoolmates began to shame him. "Go back to school," they told him, "and learn some manners."

So the little boy, who said "Hello, Mary Pigfoot," went back alone and very much abashed to the schoolyard. But the other pupils returned there continued to point the finger at him.

Finally the thing became unbearable. The offending lad, humiliated and in tears, went to the principal to ask what he could do so his playmates would like him again.

"Perhaps if you write a letter of apology to Miss Pickford," the principal suggested, "and read it aloud in the assembly room to all the pupils they will forgive your bad behavior."

So the boy wrote the following letter, which after being read to the other scholars, arrived in due time at the Pickford studio:

My Dear Miss Pickford:  
I am the little boy who said, "Hello, Mary Pigfoot," yesterday at South Pasadena. I am sorry I said that to you, because I like you so much and go to see you every time I have a chance. I didn't mean to be rude, but some big boys near me said that was your name, and it tickled me so I called it out without thinking it would sound rude, till I saw how it made you feel, and then it was too late.

If you will forgive me this time I will try to always be a gentleman to all other women.

And he signed his name.

Upon receiving the letter, Miss Pickford penned the following answer:

"Indeed you are forgiven. Please do not think any more about it, for I shall remember you only as the little boy who wrote a very charming letter."

And then Miss Pickford signed her famous name.

The next day she had her secretary call up the Pasadena school to learn if the small boy had been reinstated in the good graces of his playmates.

"Yes," replied the principal, "and he's now one of the best boys in the school."

Pollyanna remains over Saturday.

A Dancing Diva.

Miss Fay Marbe plays one of the principal female roles in support of Kitty Gordon, in her new musical comedy, "Lady Kitty, Inc." under the management of Melville Alexander, at the Auditorium theater next Monday.

Portrays a Mexican adventure, a "Carmen" type of character, to whose heroic personality, she does ample justice.

The role calls for both singing and dancing of a very high order, and Miss Marbe rises to the occasion, in a manner which recalls the enthusiastic plaudits of Enrico Caruso, the great tenor, who, when introduced to her, after her dancing debut at a social affair at the Ritz Carlton, said, with true artistic ardor: "Corra Mio, you make your feet sing." Caruso interested himself in her career, so did Daniel Frohman, and the little talented amateur soon became a full fledged professional.

Her first stage appearance took place when she replaced Lillian Gish in "Oh, Boy," then at the height of its success, on Broadway.

She more than vindicated the prediction made for her by winning fame as a singer as well as a dancer. Engagements followed in "The Velvet Lady," "The Magic Melody," "Angel Face," and also in pictures as leading woman for Eagle Williams and Taylor Holmes, and Miss Marbe expects to earn added laurels as Coralie in "Lady Kitty, Inc." as well.

"The Riddle Woman." To be on the stage one must have a well defined musical sense, is the theory of Madame Bertha Kalich, who is enjoying such pronounced success in her new play, "The Riddle Woman," herself a finished musician and former opera singer.

"A great deal has been said about so-called temperament as the great essential in the acting art, but I have yet to find anybody who can give a comprehensive definition of that much abused word," said Madame Kalich.

"It would be more exact to say the

chief concomitant of the dramatic gift is an inherent musical sensibility, without an acute ear for harmony, no man or woman is justified in seeking a stage career in any capacity."

"In saying this I do not wish to go on record as arguing for trained musicianship on the part of stage candidates. One may be gifted with a fine musical ear and sense of rhythm, and not know one note from another, but when a person goes on the stage he will, all else being equal, enjoy an immeasurable advantage over the actor who is unmusical."

"In its very nature the art of the theater is essentially a lyric art. This is true as much of the slapstick comedy as of the dramatic gift."

The proof is in the preference for its flavor.

Coffee—The Perfect Drink

THE CANBY, ACH & CANBY CO.  
DAYTON, OHIO

### PLENTY OF LIGHT AND AIR WILL BE FEATURES IN NEW CANDY FACTORY

BARUXES CANDY FACTORY.

The above is a picture of the proposed new candy factory of Christ Baruxes & Sons, which will be erected on their property, Second and Locust streets. The contract has been let to O. J. Hawkins & Sons, local contractors. It will be four stories in height and have all the modern improvements and conveniences for the large force of employees. The best candy machinery manufactured has been ordered for many weeks and is promised for delivery in the immediate future. A high grade line of candies will be manufactured and traveling salesmen will find a market for them which will cover the United States.

## AMUSEMENTS

(Continued From Page 7)  
forces of nature to win fortunes and where beautiful women staked their greatest gift against man's gold. The atmosphere of Alaska in the days of the famous gold rush when there was "no law of God or man" is the main theme depicted in dramatic fashion.

### Maxine Henry.

The Auditorium management has arranged a special treat for its patrons on Friday evening, also Saturday afternoon and evening in the company of Little Maxine Henry, who at the Elks Minstrels scored a big hit with her singing and dancing specialty. She will appear twice Friday evening, 7:30 and 9:15 p.m. and on Saturday especially for the school kiddies, there will be a special One Hour Matinee 1 to 2 p.m. She will be seen twice Saturday evening, offering an entire new singing and dancing novelty. This little child wonder has received numerous flattering offers, but her parents have decided to make Newark their future home. Pollyanna, with Mary Pickford is the photoplay feature.

### ALHAMBRA.

"String Beans." John P. Lockney is a character actor of much experience and imagination. This enables him to give to each of his roles a real personal touch which makes them outstanding. In the role of Zachary Bartrum, in "String Beans," Chas. Ray's new photoplay, which is being shown at the Alhambra theater today, he is a splendid example of that peculiar species which has afforded so much material for colorful writing on the part of men like Mark Twain and others who painted the types as they saw them.

The times have changed and the country editor has changed to some extent, but in some of the small interior towns he still exists, in a way the monarch of all he surveys, the pivotal point of local scandal, the counselor of those in difficulties, the arbiter of fashion, politics and the last resort in the matter of crops, climate and so on. Mr. Ray's support in this photoplay is excellent. The last screenings are seen tonight.

### Vivian Martin.

Sunday at the Alhambra, Vivian Martin, star of Paramount pictures, will be seen in the Five Reel Paramount picture "Jane Goes a-Wooding." Miss Martin is a favorite with local movie fans and the fact that she positively will be seen this time, will no doubt please her many friends.

A Bray Photograph, always interesting also Fox News with its news and pleasing are also promised.

### GRAND.

Ruth Budd, who plays the featured role in "A Scream in the Night," which Selznick Pictures presents at the Grand theater today and tomorrow, can legitimately dispute the claim of others to the title of the world's perfect woman. In the opinion of scores of critics, both here and abroad, who have seen this unique and unique screen personality during her vaudeville tours.

As one reviewer wrote: "We used to think that Anette Kellefman had that 'wonderful form' business corralled, but after seeing Miss Budd we're ready to sing, 'The Along Came Ruth.'" Miss Budd is perhaps the only actress who is able to portray the role of Darwa in "A Scream in the Night." In her interpretation of Darwa, Miss Budd is seen flitting about from tree to tree, leaping from branch to branch, and flying forty and fifty feet aloft through fifty feet of space separating one tree from another.

The balance of the program consists of Billy West in "Bone Dry," a two reel comedy and Kingograms No. 12, a film news of the world.

### GEM.

Another of those strong all-star casts of which recent American productions have been able to boast, appears in Margarita Fisher's new picture, "The Tiger Lily," which will be seen at the Gem today.

### LYRIC.

Plenty of variety and lots of new bright hits are seen in Eddie Loop's "Yip-Yip-Yanks." This week's offering at the Lyric. The funny farce presented last night entitled "A Day at the Office" in which Eddie Loop the funny Rubie Comedian was at his best and his whistling is one of his main features. The chorus is clever and full of pep and pretty.

### Milady's Boudoir

Attractiveness and Charm. If you have observed the guests at a reception or tea you will have seen that the natural tendency is to choose a comfortable chair and to sit there, giving only short answers when addressed or when an opinion is asked by the tactful hostess. Among close friends these women may be very entertaining, but among strangers they make a very unfavorable impression.

It will be pleasing to the eye, arrange your hair neatly and becomingly, take outdoor exercise to increase your store of vitality and, above all, be natural.

I you ever analyzed the actions of a popular woman you would have become convinced that many qualities of character were blended to produce her charm. You probably think it a hopeless task for you to attain the same perfectness, but you are mistaken. It lies within the power of every woman to possess charm, and if you are well flower or have not a large circle of friends, it is your own fault.

Some of the most charming and popular women live in a very unpretentious manner and do their own housework. If you feel that you are not popular, examine yourself closely and you will find that selfishness is the chief cause. Not in the sense of not being willing to help others when they need it, but selfish in the not giving of yourself. When you go out among strangers do not be self-conscious, but forget yourself and, just naturally, circulate among the guests and do all you can to make them enjoy themselves.

### Daily Fashion Talk By Kitty Gordon

(The Honorable Mrs. Beresford)

If there is any part of a woman's wardrobe that appeals especially to her, it is that which comes under the comprehensive name of "lingerie." French word indicating garments, which in this country have always received so much attention. What a delight to the women of refinement to make these dainty articles, what a joy to design, embroider, and embellish all these fluffy and frilly articles, which are only half seen by the outside world, but which are so apparent in the boudoir. And here is where the economical ability of my lady comes in. Women who can do scarcely anything else, are artists in this line. Given soft white materials: muslin, linen, silk or chiffon, needles, embroidery thread and taste, what wonders can be accomplished.

With the addition of colored ribbons, these articles may be made to assume the proportions of works of art as many of them really are. When bought in the shops, they are fabulously dear, but when made by skillful hands, they are comparatively cheap, and afford much scope for originality in design and workmanship. Underclothes may be made of many materials, but there is nothing so satisfactory, nothing so durable, and so really appropriate as linen. This material should be used whenever possible. Lingerie also includes those charming collars of lace or embroidery now so much in vogue as well as handkerchiefs which can be made by a clever woman. Even stockings of wool may be knit at a much less cost than those which are bought already made.

Miss Gordon will be seen at the Auditorium Monday. Tomorrow will write of simple dresses.

### Our Boys and Girls

Never keep matches within reach of the children. Never have the baby too near the table when sitting in its high chair as she is apt to brace her feet against the table and is in danger of getting a bad fall. Never place hot dishes of food too near the edge of the table, as it may tempt tiny hands to investigate, with sometimes serious results.

For the same reason never have kettles of hot food too near the edge of the stove. Also try to wash the floors when the baby is asleep, when there will be no danger of her slipping and falling into the hot soup. Never leave young children alone in the house to run on an errand or to visit a neighbor. This step may be taken at just the wrong moment.

A baby pen is a good thing to have when a mother is busy doing her housework. Put the child in that pen and give her her playthings and she will play in contentment for hours and the mother can go about her work, even out of the room, with perfect assurance that her offspring is all right.

### Everyday Etiquette

"A party of young men are planning a theater party. In sending out the invitations should we give assurance that the young ladies will arrive home safely?" inquired Harold.

"Certainly not. The women receiving the invitation to such an affair have the right to expect their entertainer will see them home. In other words the responsibility is fully understood," said the father.

### Readers' Viewpoint

Newark's Population. Editor of the Advocate—My guess at Newark's 1920 population is 21,852. In March if Newark had 5862 school children, using the multiple of 4 1/2, makes a total of 26,475, add to this one-sixth for non-attendance at school we have a total of 21,852.

CLIFF H. ROXBROUGH.

## Let's Get Acquainted

"Get better acquainted with your neighbor—you might like him!" That's a pretty good motto for a community like ours, isn't it? Town folks should get better acquainted with country folks; the merchants and the bankers should get to know the farmers—and how they are farming. Speaking for this bank, we'd like to get acquainted personally with every farmer hereabouts—he might like us enough to deposit money with us; we might like him enough to lend him some. Anyway, we could swap ideas—and perhaps add his name to the rapidly growing list of subscribers for

## The COUNTRY GENTLEMAN

Sometimes banks get acquainted with farmers by giving good advice, or urging good roads, or organizing calf clubs among the boys. That last was the way of one whose story is told in THE COUNTRY GENTLEMAN dated March 6. And we'd like to get acquainted with you through this Great National Farm Weekly itself. We know that THE COUNTRY GENTLEMAN helps farmers all over the United States to make more and more money. It would please us to see you making more money too, so we stand ready to send in your subscription i you just say the word. One dollar buys it for a whole year—52 big, friendly, helpful, weekly issues. Get acquainted with THE COUNTRY GENTLEMAN—you're sure to like it.

## STOMACH TORTURE GONE; FIRST SLEEP IN THREE MONTHS

Mr. Heinrichs Was Ready To  
Give Up. Then He Found  
How to Regain Health.

"My first sleep in 3 months was on the second night after I began using Milk's Emulsion. I had had a bad case of stomach trouble and constipation for years and was ready to give up. I was troubled with gas, dizziness, bloating after eating, gnawing sensation and cramps in the stomach. Milk's Emulsion was a God-send to me, and I want everyone to know about a medicine that will cure cases like mine."—C. E. Heinrichs, 702 S. Alabama St., Indianapolis, Ind.

Thousands of sufferers from catarrh of the stomach, indigestion and bowel troubles, have found that Milk's Emulsion gives prompt relief and lasting benefit. Milk's Emulsion is a pleasant, nutritive food and a correct medicine. It restores healthy natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by W. A. Egan, T. J. Evans, West End Pharmacy.

### Easy to Make This Pine Cough Remedy

Thousands of families owe to its prompt results, its simplicity, and ease of use.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is sure good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistent, loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchitis, asthmas, whooping, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is found the world over for its prompt effect on coughs.

Beware of imitations. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guarantee to refund money on satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## DASH BALM

The Wonderful New Ointment, Balm, Lotion, and Sore Throat.

**MONEY BACK IF IT IS NOT ALL WE CLAIM.**  
 All druggists are authorized to return your money without question if it does not do as advertised.

You just rub it on—that's all, and away goes Sore Throat, Chest Colds, Coughs, over night. You need be afraid to use it if the skin is broken for it contains nothing to irritate but lots to soothe and heal.

Use for the rheumatic pains, Neuritis, Neuralgia, and Lumbago to instantly relieve Tonsillitis, Pleurisy and Bronchitis.

For sprains, swellings, sore, burning feet and all aches and pains it has no equal.

All first class druggists sell Dash Balm—in jars—for 35 cents.—T. J. Evans can supply you. Adv.

## ALASKA OFFERS PULP

Forests Could Relieve Shortage,  
Says Governor Riggs.

Billions of Feet of Paper Wood Available for Manufacture into Newspaper.

Seattle.—Alaska wants to throw open her millions of acres of national forests so that the billions of feet of paper wood of the northland can help relieve the pulp and newspaper famine, Gov. Thomas Riggs, Jr., of Alaska declared here recently.

Governor Riggs was here on his way from Juneau, capital of Alaska, to Washington, where he expected to help press pending legislation intended to remove restrictions and allow pulp manufacturers to go into the Tongass and Chugach reservations, the northern territory's two great reserves.

Pulp and paper men are anxious to go to Alaska and establish mills as great as these operated in British Columbia not far south of the Alaska boundary line, the governor asserted. Under the present laws the pulp makers cannot enter the reservations with any certainty that they will be allowed to stay.

Alaska's great forests stretch over approximately 34,000 square miles, an area nearly equal in size to the state of Indiana, according to estimates made by government officials.

Several hundred million feet of good pulp wood, including western yellow pine, hemlock, Sitka spruce, white fir and lodgepole pine, are on the forest reserves alone.

The Tongass reserve, in southeastern Alaska, is especially adapted to the manufacture of pulp and paper, forestry officials have reported. There is plenty of water power, ocean harbors open the year around, timber skirting the water and weather similar to that of the Puget sound.

The governor intends to ask Washington to restore the reserves to the national domain or to open them to the pulp industry.

## SWINGING PILLAR IS FOUND

Hunters Uncover Phenomenon in Green Mountain, Near Canon City, Col.

Canon City, Colo.—Gently swaying to and fro, a huge granite monolith forming a unique natural monument has been discovered on Green mountain, several miles north of this city. It is believed to be the only "awinging monument" in the world.

The shaft is more than 100 feet high, and in the course of many years has become free from all surrounding earth formation, except at the base, which is about 12 feet wide. In the center, the granite column tapers off to a width at the summit practically the same as at the base.

Lee Hughtitt, water commissioner of Canon City, and A. V. Hodgkin, Fremont county commissioner, came across the phenomenon recently while on a hunting trip.

They report that the entire shaft moves, probably from two to three feet at the apex, and the swinging is constant under the pressure of light winds. The base of the shaft, they said, rests in a small hollow about three feet in depth and the contiguous granite formation has been entirely disconnected.

## SAYS LAWSUITS ARE CHEAP

New York Judge Denies Charge That Poor Do Not Receive Justice.

New York.—The assertion that the poor man does not receive justice in court, made recently in a report of the Carnegie Foundation for the Advancement of Teaching, was contradicted by Judge Frederick E. Crane of the court of appeals. Speaking before the women members of the Kings County Republican club, he declared that "the chief litigation in our courts is today conducted by the poor, or persons of moderate means, and at no time and in no country have the rights and remedies of the law been so easily procured."

"Nowhere in the world is litigation so cheap or redress for wrong so readily afforded to the poor," Judge Crane said. "Any law office of standing can furnish instances of litigation conducted without charge for services rendered because of the condition of the parties."

**German Who Sunk Sussex Dead.**  
 Berlin.—A first lieutenant in command of a German submarine torpedoed the English channel steamer Sussex on March 24, 1916, according to a newspaper which comments on the condition list received from the allies. It is declared this man has since been charged on an extradition list with being responsible for the attack upon the Sussex, which caused the death of 60 persons.

**An Ancient Rock.**  
 Bloomington, Ind.—There are rocks and rocks! Indiana university students see Monroe county limestone in great quantities, but rock-hounds as they are, they have taken a special interest just now in a rock at Monroe county varieties yet to be compared. The specimen has just been received by the department of geology from the Smithsonian institution. Geologists here say it is fairly old—a billion and a half years.

The poems of Hafiz are known by heart in Persia.

## HELPED PERRY WIN VICTORY

Peter Tarr Made the Cannon Balls That Served So Well in the Fight on Lake Erie.

When Commodore Perry defeated the British on Lake Erie, his gunners turned the trick largely with home-made cannon balls, although at the time of the engagement the place where the deadly missiles were made was a closely guarded secret.

Accidental discovery a few days ago of a small antiquated iron furnace near Steubenville, however, reveals the secret and adds a new chapter to the historical sketches of Perry's victory. The furnace was found by men engaged in erecting furnaces for a large West Virginia steel company on the Tarr farm in Hancock county, West Virginia, directly across the river from Steubenville. It is said to have been the first iron furnace in use this side of the Allegheny mountains, and to have been built by Peter Tarr, one of the earliest settlers along the eastern banks of the Ohio river.

Old records in Hancock county show that Peter Tarr worked day and night at his secret task of making cannon balls from ore deposits found in the hillsides about the furnace, and that he sent them overland on mules to Commodore Perry's forces hiding near Put-in-Bay and Kelley's Island, awaiting an opportune time to strike the decisive blow at the British naval forces.

## WILL REVIVE PAST GLORIES

Historic Port of Gloucester Likely to Come Back With the American Merchant Marine.

The historic port of Gloucester, Mass., is likely to be restored to its one-time maritime glory as the American merchant marine expands. A bulletin of the National Geographic society calls Gloucester the mother of American fisheries. The story of Gloucester's fisher folk is touched on by Kipling in his "Captains Courageous," James B. Connolly, and Mrs. Ward, in "Old Maid's Paradise." Norman's Woe, off Gloucester, is the scene of numerous deep sea tragedies touched on by Longfellow in his "Wreck of the Hesperus."

Schooners are said to have originated in Gloucester and to have been so named by a Gloucester shipwright who, when he launched a vessel, heard a spectator exclaim: "Oh, how she scoons." The expression was used to describe the bounding of a pebble thrown sideways into the water.

Gloucester has a floral curiosity of great beauty and fragrance, the magnolia glauca, which grows in the swamps near the city. Among the natural wonders that Gloucester discloses are Rafe's chasm, where the pounding waves churn and rumble; the rocking stone, oscillated for an inch or so by the incoming tides; "Old Mother Ann" and "Whale's Jaw."

**Painless Dentistry.**  
 "An American at home, with or without toothache, is not much affected by the sign, 'Painless Dentistry,' but at sight of it in a foreign land he thrills pleasantly," a traveler said. "Its lure is not professional. Every tooth in his head may be perfectly sound, yet if stranded and homesick he welcomes that sign because all over Europe it is a sure indication that somewhere in the neighborhood lives a citizen of the United States. From the northernmost town of Norway and Sweden to the boundaries of Sahara the words 'painless dentistry' are likely to hit you in the eye at the most unexpected turning. Usually they are followed or preceded by 'American,' but that qualifying term is entirely unnecessary. Dentists of other countries make no pretense of performing painless dentistry, or if they do they do not advertise their skill. They leave that for their American rivals."

**Cold—Sure.**  
 On one of our most recent cold Saturdays the tenderfoot rank boy scouts of Terre Haute made an all-day hike along the Wabash. They were describing the hike for the benefit of some of their most interested friends. They had described the city bluffs from the river, the frozen ground and the various sensations produced on their spinal columns without winning what they regarded sufficient sympathy from their listeners. Just as they were most disappointed their executive took part. "Why it was so cold that we had to break the ice off the pancake batter between frying cakes," he ejaculated.

And then the audience was moved to speech.—Indianapolis News.

**French Views of Indiana.**  
 Many French people have as vague ideas of the United States, outside of New York and the Eastern coast, as Americans have of France outside of Paris.

C. Michelson, permanent secretary of the Alliance Francaise, tells of receiving a letter from a business firm in Marseilles, one of the largest French ports, asking for information in regard to the products of the Indians of Indiana.

**Sleeping Sickness Mystery.**  
 At a recent meeting of the National Academy of Sciences, Dr. Simon Flexner told what little is known about "sleeping sickness," which has made its appearance in America. Doctor Flexner said the cause, method of propagation and means of cure were as yet unknown.

Garnets were used as beads in ancient Egypt.

## GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and  
glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.—Adv.

Solder is carried in wire or strip form through a new soldering iron, the point of which is heated by electricity to melt just as much solder as required at the point of use.

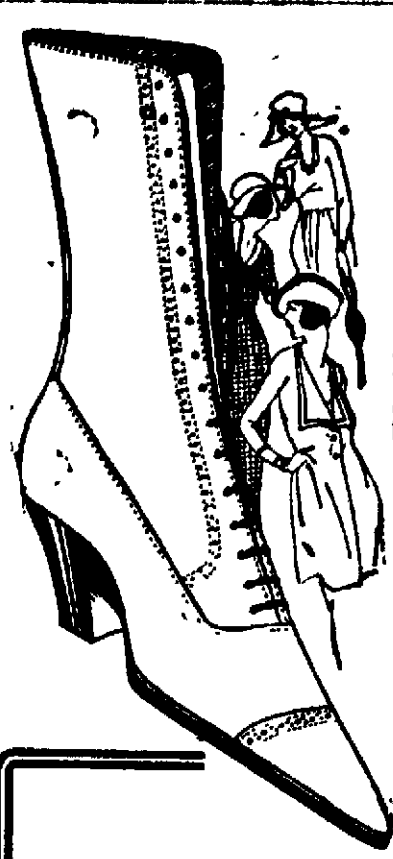

## DON'T TREAT KIDNEYS ROUGH, WARNS DR. CAREY, SPECIALIST

Constant Flushing May Injure the Delicate Organism and Seldom Removes The Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals. "Thousands die yearly because they neglect their kidneys," says Dr. Carey. "And I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot, which, during my active practice, has caused thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name Dr. Carey's Marshroot, a name that every sufferer from kidney troubles should remember. Evans' Cut Rate drug store can supply you.—Adv.

## PLAN CHAIN OF LANDING FIELDS

Army Air Service Officers Cover 300,000 Miles in Making Aerial Survey.

### IS LIKE HARBOR TO LINER

Thirty-two Southern Cities Invited to Provide Stopping Places for Planes—Must Be Fit to Handle All Forms of Aircraft.

New York.—Plans for establishment of a chain of airplane landing fields have been worked out by officers of the army air service and the Manufacturers' Aircraft association. It was announced here.

Army flyers have covered more than 300,000 miles in an aerial survey of the country and made exhaustive reports on the facilities offered to cross country flyers.

Representatives of 32 southern cities already have been invited to establish landing fields under army direction. Many others will receive like invitations during the next few months.

These must be laid out according to specifications given by the army, and in return the government gives steel hangars to the municipalities. Operation of the "air harbor" is assumed by the municipality.

Since the armistice the number of army fields has been reduced from 50 to 16, and the naval air stations from 17 to 9.

#### Like Harbor to Liner.

"The landing field," says the aircraft association, "is to the airplane what the harbor is to the ocean liner and the railroad terminal is to the train. It is not merely a flat piece of land on which a flyer can bring his craft to earth. Such a piece of ground bears the same relation to a real landing field as an unimproved water inlet to a harbor like New York or Liverpool."

"A landing field should have, first of all, dimensions which fit it to handle all forms of aircraft. It should be drained to permit its use even in the wettest weather. It should have shelter and supplies for flyers and their craft and should be accessible to the trade center it is meant to serve."

"This feature is of supreme importance because commercial aerial navigation will develop only in proportion to its commercial value. The field should be identified with markings visible from great heights and with radio apparatus so flyers may be aided in finding their way in spite of the fog or failure to identify the country over which they are passing."

#### Haven if Mishap Occurs.

"Fields at frequent intervals means that cross-country flyers can come to the earth for rest, replenishment of supplies and adjustments to their machines without inconvenience or unnecessary delay. In the event of a mishap in the air, such as a stalled motor, the near-by landing field permits the pilot to glide to it without damage to the machine or to himself."

### PROFITEER CONVICTIONS HIGH

Twenty-Four Convictions in England Cost Government \$5,000 Each.

London, England.—Twenty-four convictions obtained before the 1,900 anti-profiteering tribunals set up throughout England have cost more than £1,000 (nominal value \$5,000) each. It was declared by Captain Wedgwood Benn in the house of commons during discussion of a proposal to extend the profiteering act for another period of six months.

Captain Benn summarized the results of the act, during its first six months of life by stating: "Nineteen hundred committees have been appointed, 1,935 cases have been heard—one case per committee; twenty-four convictions have been obtained; £25,000 has been spent. And the cost of living has gone up!" The proposed extension of six months was voted.

### Jump Rails, Ride Ties and Jump Back Again!

Sharon, Pa.—Jumping the track on the Hilliards branch of the Bessemer railroad, a locomotive, pulling a freight train traveled along the hard packed snow for a distance of 400 feet and then mounted to the rails again.

An Erie freight locomotive east-bound on the Bessemer road jumped the track in the Shenandoah (Pa.) yards and after proceeding 500 feet, again regained the rails.

And to prove their stories, railroad men will show the locomotives.

#### Thousands of Rabbits Killed.

Walla Walla, Wash.—More than 11,000 rabbits were killed in a drive near Burbank the other day, thousands of the bunnies escaping because the shooters ran out of ammunition. Forty thousand shots were fired. Within the last few months 25,000 rabbits were killed in drives in counties bordering the Columbia river.

## BREATHE ROCK DUST

Millions of Particles Taken Into Lungs With Air.

Hygiene Experts Devising Means of Removing Dust and Fumes From Air in Factories.

Niagara Falls, N. Y.—Over 200,000,000 tiny particles of dust, as sharp as ground glass, are breathed into the lungs and air passages with every cubic foot of air in some of the factories in the United States, according to a survey made by the public health service here.

Such dusts breathed into the lungs are never expelled. Photomicrographs show the tiny particles to be exceedingly sharp and jagged and chemical tests prove them to be practically insoluble. Work under such conditions invites respiratory diseases and makes a real health hazard. Similar investigations in chemical factories showed that laborers were frequently exposed to poisonous fumes and gases.

The investigation was made at Niagara Falls because plants were engaged in the manufacture of abrasives, chemicals cases, electrodes, carbons, metals and alloys. In all of the factories the laborers were found to be exposed to dangers which would eventually incapacitate them for further work. Fortunately over 60 per cent of the labor in these plants seeks new employment monthly and the result of exposure to such dangers is not evident as it would be if the workers remained at the same work for longer periods.

As a result of the survey industrial hygiene engineers devised means of removing the dust from the air and minimizing hazards from fumes and poisonous gases. In spite of the fact that the installation of such devices was expensive factory managements immediately put them into use.

### MME. JULES JUSSERAND

Mme. Jules Jusserand, wife of the French ambassador to the United States, is held in high regard in Washington as much for her charitable activities as her social accomplishments. She has been here for 17 years, her husband having served continuously for that time in his present post.

### EGYPT "ROLLING IN WEALTH"

Illiterate Mud Hut Dwellers Make Many Thousands in Cotton Deals.

London.—Egypt is "bursting with wealth" accumulated from cotton, says a correspondent of the Daily Express in Cairo.

"Illiterate natives living in mud huts have made 20,000 pounds sterling out of cotton deals," he continues. "Some have made 100,000 pounds. They are buying land at inflated prices, and paying off mortgages which are regarded as family heirlooms. One British official says that the country has made at least 100,000,000 pounds."

"Naturally there is an influx of new millionaires in Cairo, with a huge demand for automobiles, jewelry, new houses and all kinds of luxuries, but in the provinces many of the newly rich have not changed their standard of living at all."

#### Finally Got New Golden Eagle.

Phoenix, Ariz.—Two years ago a fire destroyed the only golden eagle of the Hohokams, a distinguished society of the Pacific college, California.

Remembering the Phoenix that rises out of its ashes every 500 years, Mines secretary to Governor Campbell, decided it would be appropriate to present his old accomplices with a brand new eagle bird from Phoenix just as soon as it could be obtained. It took him two years to do it, but the bird has at length been caught and prepared for shipment.

It is declared to be the most gigantic bird ever stuffed for museum purposes.

## TINT GRAY HAIR

Don't Tolerate Faded, Strained, or Bleached Hair; Tint With Brownatone—Safe, Sure, Inexpensive.

### TRIAL PACKAGE SENT FREE.

Why tolerate streaky gray or bleached hair when it is just as easy to tint your tresses so beautiful brown as it is to powder your face? Brownatone gives the hair bewitching beauty and charm, producing instantly any shade of brown or black if desired.

## PERSONAL

Mrs. W. C. Smith has returned to her home 27 North Buena Vista street, after a several weeks visit with relatives in Chicago.

Mrs. E. W. Kunkle of Toledo is visiting in the city guest of Mrs. George House of 119 South Fifth street.

Mr. and Mrs. Earl Everett of Zanesville motored to Newark Wednesday and spent the day with Mrs. E. B. Engle of Ninth street.

Mrs. Susie Connors, who has been confined to her home in West Church street for the past week with a severe cold is improving.

Mrs. Can Smith has returned home after a several weeks visit in Chicago.

Miss Elizabeth Leonard has returned from a visit with Mr. and Mrs. Charles Egan of Akron.

A. J. Goldsmith of West Church street, who has been confined to his home with grip for the past ten days, has suffered a relapse and is confined to his bed again.

Clarence Jaynes, who has been ill at his home in Mill street for several days, will undergo an operation for tonsils and adenoids at the hospital Tuesday.

George N. Dodson, carrier of rural route No. 4, is still confined to his home, 250 North Fifth street.

Mrs. Thomas Allen of Columbus is the guest of Mr. and Mrs. George Welch in South Fifth street.

Mrs. Elizabeth K. Metz who has been in Akron with her son for several weeks returned to her home in North Second street, last night.

### Our Human Weaknesses.

I wouldn't give three whoops for a man whose heart did not beat faster, whose eyes did not take fire, and whose spirit did not swell—who would not be moved to laughter or to tears by the voices of birds and children, by a song from the heart, by a woman's heart, by a woman's pleading, by noble oratory or noble acting, by any human action through which the spirit in one speaks to the spirit in others. Our human weaknesses are often the secret of our salvation. So, loving life, I have always been impressed by the emotions of youthful, exuberant life which bring cheer, laughter and tears, and without shame in any of them.—Hon. Joseph G. Cannon in Harper's Magazine.

## PATENT LEATHER TRIMS THIS COAT

Extremely "comfy" is this latest spring sport coat. It is fashioned of a rich patent leather design. The loose unbelted style is for the youthful figure and the shortness of it is one of the newest features in coats.

## OBITUARY

**Miss Daisy Shippe.**  
Short funeral services for Miss Daisy Shippe, who died Wednesday morning will be held Friday at 12 o'clock in the home in Maple avenue and the cortege will leave at 1 o'clock for Homer where services will be held in the church. Rev. Calvin Haslett will officiate and burial will be made in Homer cemetery.

**Edwin Haughey.**  
Private funeral services for Edwin Haughey were held this afternoon in the home in North Fourth street. Rev. B. R. Weld, officiated and burial was made in Cedar Hill cemetery.

**Ralph Tucker.**  
Funeral services for Ralph Tucker, who died Thursday in Gallup, New Mexico, will be held Friday afternoon at 2 o'clock in the home of his mother Mrs. John Tucker 17-1/2 East Main street. Rev. L. P. Franklin will officiate and burial will be in Cedar Hill cemetery.

**Mrs. Frank Beatty.**  
Funeral services for Mrs. Frank W. Beatty, who died Wednesday will be held Saturday afternoon at 2 o'clock in the home 68 Riley street and burial will be made in Cedar Hill cemetery. Rev. F. E. Kemper will officiate. Besides her husband she is survived by a son, Albert Frizzell of this city; her father, Joseph Jakeway of near Union Station; one brother, Charles Jakeway of Akron; one sister, Clara Jakeway of Gallipolis and a half brother, Aoy Kenan.

**Mrs. Eliza Burch.**  
Eliza Burch, daughter of Richard and Mary J. Anderson, died March 6, 1920. She was born March 19, 1855 and was united in marriage to James Edward Burch December 7, 1876. To this union was born one daughter, Mrs. Maude Howell, of Newark, and was the foster-mother of one son, Forrest D. Riffey, of Seville, Ohio.

She united with the Goshen M. E. church in her youthful days and was a faithful member.

She leaves one daughter and one son and sisters.  
Funeral services were held at the home, in Buckeye City, Ohio, after which the body was taken to West Carlisle for interment.

**Miss Edith Sheppard.**  
Edith Sheppard, aged 21 years, died this morning at 5 o'clock at her home in the rear of 105 West Locust street. Death followed an illness of several months of complications. She was born in this city and was the daughter of Mr. and Mrs. Wayne Sheppard.

Besides her parents, she leaves two sisters and one brother, Mrs. Fred Watson, of Columbus; Miss Gladys Sheppard and Ernest Sheppard, of the home, and funeral arrangements have not been made.

**Mrs. Oscar Tanner.**  
The funeral of Mrs. Oscar Tanner, who died Tuesday afternoon, was held this afternoon at 2 o'clock in the home in Oakwood avenue. Rev. Mr. Wright officiated and burial was made in Cedar Hill cemetery.

**August Swisher.**  
The funeral of August Swisher was held this morning at 11 o'clock in the Hanover M. P. church and was under the auspices of the Nashport Masonic lodge. Burial was made in Hanover cemetery.

**Henry Talbot.**  
Funeral services for Henry Talbot were held this morning at 8:30 o'clock in St. Francis de Sales church and burial was made in Mt. Calvary cemetery.

**Frank Carrico.**  
The funeral of Frank Carrico, who died Tuesday morning, will be held Friday morning at 10:30 o'clock in the home in Jefferson street. Rev. Mr. Frush will officiate and burial will be made in Wilson cemetery.

**Card of Thanks.**  
I wish that we could take you all by the hand and thank you many, many times for the beautiful flowers, letters of sympathy, kindness, and help in many ways from neighbors and friends and the pastor, Rev. Benjamin R. Weld, for his most consoling words, in the sickness and loss of our beloved companion and father.—Mrs. J. C. Butte and children. 3-11-20

**Petroleum "Holy Fire."**  
First efforts at obtaining petroleum in the United States were confined to collecting oil from surface springs. Thus, in the spring of 1858 nine barrels were obtained in western Pennsylvania and were sold for \$275.19. Col. E. H. Drake sunk the first real oil well at Titusville, Pa. During the first four months the well produced 2,000 barrels, which sold readily at \$20 per barrel. The temples of Jupiter burned petroleum from Sicily before the beginning of the Christian era, while petroleum from the Caspian sea deposits about Baku had been the source of the "holy fire" burned for centuries in the temples of India. Missionaries mentioned the famous petroleum spring at Cuba, N. Y., nearly 300 years ago, and the oil was sold as medicine down to the time of the discovery of the process of refining the crude oil so that illuminating oil could be obtained from it.

**Military Promotion.**  
Promotion in rank on the field of battle is the oldest and most satisfactory reward for valorous military service possible. The custom has existed since war began. It probably originated about the time that armies grew out of the mob stage—when the strongest was the chief and the next strongest who fought their way to his side by physical valor in time of battle were the subchiefs. It existed at Crey and Agincourt when the commander of the British forces lifted the visors of their helmets and struck with their swords the jerkins of a few valiant bowmen or spearmen with the ancient formula of knighthood. It existed in the Napoleonic wars, when the Little Corporal made marshals of France of such men as Ney and Bertrand on the field of battle. It was always the prerogative of sovereigns in the days when kings and emperors led their own troops to battle and to a great extent it has persisted through the times when leaders of peoples became more of statesmen than warriors.

## U. S. RED-CROSS NURSES HOME AGAIN FROM SIBERIAN SERVICE

The nurses on their arrival at San Francisco.

These four Red Cross nurses registered joy as they walked down the gangplank of the transport Great Northern at San Francisco recently. Their heroic services in

Siberia, where they were for months engaged in administration of relief for thousands of sufferers from hunger and disease, are over. Standing from left to right: Har-

riet Kift of Sunbury, Pa.; May Mikula of Chicago; Reba Dobson of Honolulu, and Neola Moyer of Decatur, Ind. They served at Vladivostok and Irkutsk.

## SOCIAL AFFAIRS

The Centum club will entertain with a dinner dance at Assembly hall, Wednesday evening, March 17. Dinner will be served at 7 o'clock. The next date has not been announced. The dance for Wednesday evening is a postponed date.

The ladies of St. Paul's Lutheran church will sew in the lecture room of the church Friday afternoon.

The members of the Brightening Circle of the King's Daughters were entertained at the home of Mrs. Mary Owens in the Granville road Wednesday afternoon.

A pleasant birthday surprise was given Mr. William Wilkes Wednesday evening at his home in West Main street. Refreshments were served during the evening and music was enjoyed. Mr. Wilkes moved to Newark recently from Bay City, Wis., and is employed as an electrical worker at the Wehrle company.

The guests were Mr. and Mrs. Edward Markham, Mr. and Mrs. Charles Pfeiffer, Mr. and Mrs. Paul Pfeiffer, Mr. and Mrs. Harry Wilson, Prof. William C. Schmitt.

The Uniform Rank, Knights of Pythias, will entertain with a military ball Friday evening at the Knights of Pythias hall. The Knights will attend in full uniform without side arms.

The U. and I. club met Wednesday, at the home of Mrs. Henry Froelich 458 Cedar Crest avenue. Officers were elected for the ensuing year as follows:

President, Mrs. R. Ingram; vice president, Mrs. M. Davis; secretary, Mrs. A. J. Murray; treasurer, Mrs. H. Froelich; flower committee, Mrs. F. Squiggins. After the business session a contest was held, Mrs. Murray being the lucky contestant. At the usual hour refreshments were served the following members: Mesdames A. J. Murray, S. Gallagher, M. Davis, G. E. Tagg, R. Ingram, F. Squiggins, J. Wells, L. Schaller, William Gallagher, and the hostess. The next meeting will be held at the home of Mrs. Davis, March 24.

**Garrison-Welch.**

Announcement is made of the marriage of Miss Wynona Welch of Bucyrus and Mr. Clyde E. Garrison of this city. The couple surprised their friends by the announcement of the marriage, which took place Tuesday, March 2, at Monroe, Michigan. The bridegroom is the son of Mr. and Mrs. J. W. Garrison of Vanatta and was stationed on the battleship Connecticut for two years. His bride was employed as a stenographer in Bucyrus. Mr. and Mrs. Garrison will reside in North Fourth street, Newark. Mr. Garrison being employed as a machinist for the American Motor Truck company.

"I am soliciting subscriptions for this magazine," said the canvasser, displaying a sample copy. "I don't want it," replied Mrs. Pfeiffer, emphatically. "I see it's entered in the post office as second-class matter. I don't want no second-class readin' matter around this house."

There are ants in Nicaragua that cultivate minute mushrooms for food in their underground homes by forming a compost leaves of trees.

## THE COURTS

**Leaves Estate to Nephew.**  
The will of the late Mrs. Malissa Parr, who died recently at Columbus, has been filed for probate. The property, valued at \$10,000 and \$3,500 in money, is left to several nieces and nephews residing in the west. Attorney A. A. Stasel is named in the will as executor.

**Marriage Licenses.**  
Frank Diehl, a clerk and Miss Laura Mae Walton, a clerk both of this city. Rev. J. E. Walker named to officiate.

**Real Estate Transfers.**  
Homer S. Parr to Frederick J. Rall, lot in Irwin's addition, \$1, etc.

Charles M. Clark to Wm. Simmons, 223 acres in McKen twp., \$1, etc.

Martha Wilson to Charles M. Clark, \$1 1/2 acres in McKen twp., \$1, etc.

John C. Campbell, Jr. to Jas. W. Weekley, inlot 42, \$1, etc.

Wm. H. Brown to James A. Sewell, 143 acres in Hartford twp., \$1, etc.

George N. Nichols to Harry C. Bonham, lot 10 in the Newark Real Estate and Improvement company's Cottage addition, \$1, etc.

Jordan A. Berry to Richard A. Thompson, inlot 4243 in Oakwood addition, \$1, etc.

Nettie V. McClure to Harry T. Shields, inlot 1507 in Abram Flory's second addition, \$2 500.

The average length of life is greater in Norway than in any other country. This is attributed to the fact that the temperature is cool and uniform throughout the year.

To secure a pair of good fitting glasses does not cost much money and but little of your time, and gives lasting satisfaction.

Condition unchanged.  
The condition of Mrs. Edwin Haughey who is seriously ill at her home in North Fourth street remains unchanged.

Condition improved.  
The condition of G. R. Fulton, independent agent for the Metropolitan company, who has been confined to his home in Hoover street with influenza is improving.

Death of Stephen's Death.  
R. M. Brown of Prospect street, received word of the death of his nephew George Spear, Monday at his home in New Concord of pneumonia. Burial was made Wednesday in New Concord.

Mr. and Mrs. John Talbot of Youngs town, Mrs. George Baker and daughter, Cora, of Columbus; Mrs. I. O. Martin, of Bucyrus, and Irvin Runion, of Columbus, were in the city today attending the funeral of Henry P. Talbot.

Passenger Conductor John Doyle and Engineer William Sherrard of the B. antec it in every instance.—Adv.

& O. railway were in Willard last night attending a minstrel performance of the Elk lodge there and in which Dave Murphy and Earl Brown of this city took leading parts.  
**Fire Damage \$25.**  
The West Newark fire company received a call at 8:30 last evening to one of the houses in Linden avenue built by Eli Hull, where a defective grate had permitted the fire to burn a false cover above the grate. The damage was estimated at about \$25.

**CATES IS ARRAIGNED BEFORE COMMISSIONER**

J. M. Cates, a traveling salesman with headquarters in this city, arrested several days ago by local patrolmen and taken into custody, and reported to the federal authorities at Columbus for having a bottle of liquor on his person at the time of his arrest on the street, was arraigned before Federal Commissioner Johnson yesterday at Columbus, charged with transporting liquor without a permit. After waiving a preliminary hearing was released in \$300 bail. The minimum fine on the charge is \$200 and the costs and a prison sentence can also be imposed. The maximum is a \$1,000.

**JUDGE BOLTON EJECTS DISTURBING BROTHER**

James Sanderson and Bernice Jennings, colored brothers-in-law, who became embroiled in a family quarrel Tuesday evening, were arraigned in municipal court yesterday afternoon and were there with their wives to recite their troubles before Judge F. A. Bolton. The recital of the occurrences preceding the final election of Sanderson from his home proved highly entertaining to the spectators present. Each was fined \$1 and costs and Jennings was ordered to leave the home of Sanderson forthwith, to avoid further trouble.

**WIFE CHARGES HUSBAND SEES DIVORCED WOMAN**

In the case of Harvey C. Crawford against Mary Clark Crawford, Mrs. Crawford has filed an answer averring that in which she admits their marriage on August 22, 1911, and that they are the parents of a child seven years of age, and denies other allegations. By way of cross petition she alleges that Crawford is guilty of gross neglect of duty by wilful absence from their home and that he remained away for long periods at a time; that he keeps company with a divorced woman named in the cross petition. Miss Crawford asks that a divorce be granted her and that she be awarded reasonable alimony and custody of the minor child. Mrs. Crawford's attorney is James R. Fitzgibbon.

There is no end to what Attorney General Palmer says he is going to do to the profiteers; and also, there appears to be no beginning.—Philadelphia Press.

An automobile horn and headlight have been combined by an inventor, the sound being produced back of the reflector and issuing around it.

The common garden snail has 14,175 teeth.

**RHEUMATISM LEAVES YOU FOREVER**

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge or rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in the first few days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Evans' Drug Store to guar-

**LIGHT FRANCHISE IS BEFORE COUNCIL**

**Village Solons Will Discuss Terms of Agreement to Furnish Light and Power For Granville.**

(Special to the Advocate.)  
Granville, March 11.—At tonight's meeting of the village council the proposed electric light and power franchise will be discussed. The terms of the agreement will be explained and its passage considered.

The Denison Scientific association announces a special lecture for Tuesday evening at 7 o'clock in Recital hall to be delivered by C. F. Kettering of Dayton, president of the Dayton Engineering Laboratory company and consulting engineer for the General Motors association. President Rumsey of the Denison association announces that all comers will be welcome, and

that no fee will be charged for admission.

Miss Mildred West a Shepardsdon student who has been cared for during a two weeks' illness at the home of Prof. and Mrs. Theodore Johnson, left this noon for her home in Dayton where she will undergo an operation for appendicitis. Mrs. Johnson accompanied the invalid as far as Columbus.

Mrs. R. P. McCutcheon is having notable success in conducting the Girl Scout movement. The meeting this afternoon in the community room is varied by a visit to the headquarters of the public health service, where Miss Wilkinson the nurse, will give them a practical demonstration of bed making with a patient in the bed. Mrs. McCutcheon announces that today membership closes—with the four patrols—32 members.

Mrs. A. P. Nichol was hostess on Wednesday afternoon for the winter picnic club. Dinner was served at 6 o'clock in the dining room with covers laid for nineteen members. Elmer L. Williams of Chicago delivered an address in the Baptist church last evening under the auspices of the Denison Y. M. C. A. in the interests of the anti-league league and made a plea for all students to get into line for an inter-collegiate association for world-wide prohibition. The Granville Grange will hold the

regular meeting Friday evening in Odd Fellows' hall. First and second degrees will not be conferred until the evening of Friday, March 26th.

Mrs. William Showman, who has been ill for a few days at her home on North street, is slowly improving. The monthly meeting of the Red Cross public health service will be held Friday afternoon at 3:30 at headquarters. Fred Black, the newly installed chairman of the County Red Cross, Mrs. W. C. Miller and others from Newark will attend.

Private Letter Writer Moses must be a congenial member of the Lodge committee which fished out and put on the witness stand Private Conversation Collector Bullitt.—Louisville Courier-Journal.

**THE HUB**

**WHAT'S YOUR HOBBY?**

Every man owes it to himself to relax from the humdrum routine of his daily task (whatever that may be) and let down the bars that tighten the nervous tension in the human body during business hours. "There's a time for work and a time for play." This applies equally as well to grownups as it does to the youth.  
History reveals the hobbies of many great men. Abraham Lincoln was wont to romp through the corridors of the White House with his little son Tad, in the youthful pleasure of "hide and go seek," "bloom the bear," and "leap the frog," during the darkest days of the Civil war. Jefferson's hobby was the violin. George Washington was a horseman. Grover Cleveland was an ardent disciple of Isaac Walton and a persistent fisherman. Theodore Roosevelt was a horseman and a big-game hunter; while President Wilson likes golf. No matter how strenuous your work may be or how irksome your daily task, relaxation after the grand of the working day builds for better health and fuller contentment.  
Recreation makes the muscles laugh and the entire human system is refreshed as a result. Don't allow yourself to become stale by lack of diversion. It's harder to get out of the physical rut created by a listless mind and an inactive body than it is to recover from a serious malady.  
The Old Homestead Recreation parlors believe that everyone needs to play a little and has incurred a very considerable expense in providing a fully-equipped recreation parlor for the healthful pleasure of its patrons after working hours. If you haven't got a hobby, develop one and note the difference.  
Grand opening on Saturday, March 13. Music, flowers, singing and Captain Perry, world's champion finger-billiardist.  
Old Homestead Recreation parlors, 32 West Main St. (Home of real amateur pocket-billiard and billiard fans. Every-body welcome. 3-11-2t

## "That Well Dressed Look"

We want you to know that we carry WOOLTEX Suits and Coats, the garments that stand for "That Well Dressed Look" for each and every type, and you know that is really the secret of being well dressed at all times.

NOW COME THE SPRING DAYS  
AND ALSO OUR FIRST SHOWING  
OF WOOLTEX SUITS AND COATS  
FOR SPRING

SPRING means the call of out-of-doors when for a part of each day, you'll want a stylish suit or a big soft coat, with a semi-sports air.

And how about your particular type. The Models that bear the WOOLTEX label considered all types and adapt the favorites of the season to the different types. For instance, among the suits are the strictly mannish type—others not quite so severely tailored—others in a "cutaway" with one button fastening—or if it's a more dressy model, you may like a stylish Blazer effect.

WOOLTEX COATS are unusually stylish this season and when you see the Wooltex signature in any coat you are sure of getting a coat that will carry "That Well Dressed Look" through all kinds of wear. The stylish auto and top coats have attracted lots of attention—and the smart models in Polo Coats—or the new sports coats with Tuxedo collars—all are made of such handsome, soft fabrics, that any one of these will be a charming as well as necessary addition to your wardrobe.

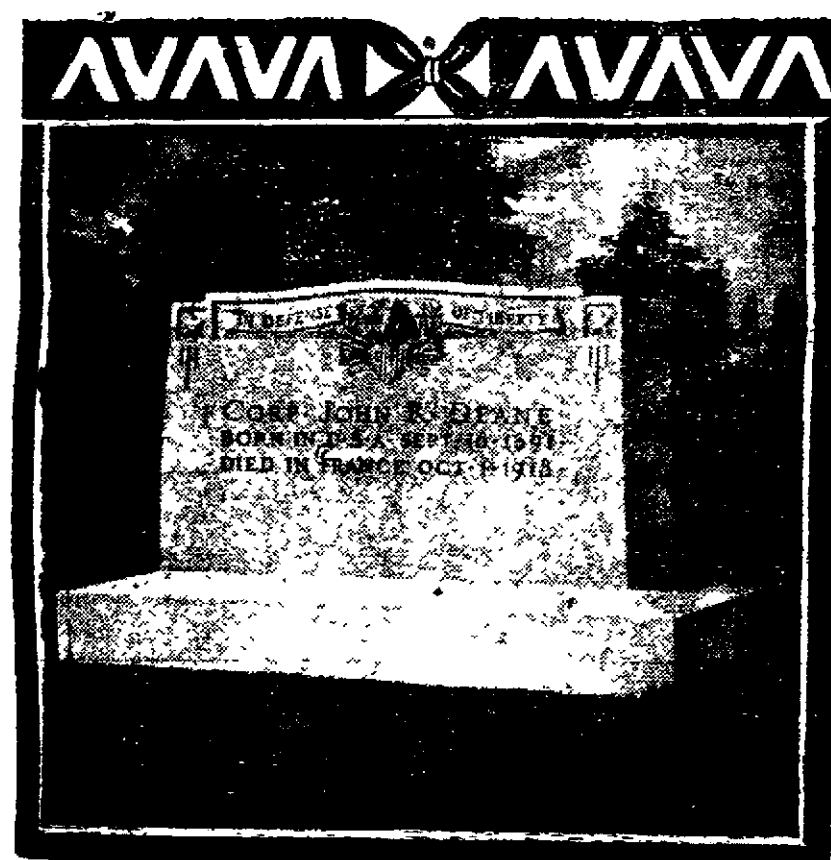

## Beautiful New Spring Time Waists

A wonderful array of clever ideas are woven in the new styles, that all will enjoy. There are styles that will look particularly well with suits as well as those in delicate tints, for wear with a fancy skirt. Georgettes are as popular as ever, and they are beaded and embroidered—ruffled and frilled—some with flat collars—others collarless models. All the wanted colors including white—flesh—maize—bisque—brown and grey.

LET US SHOW YOU THE NEW SUITS, COATS AND WAISTS

**The W. H. Mazey Company**

## WIDOW EXPRESSES HER THANKS FOR ASSISTANCE

Deep appreciation of the help given by Newark people in her hour of grief and misfortune is expressed by Mrs. George Myers, whose husband died a few weeks ago, while she and one of her children were ill. In a letter to the Advocate Mrs. Myers says:

"I want most earnestly and sincerely to thank the good people here and adjoining towns for the charitable kindness to me and my little family during the illness and since the death of my husband, George Myers. No one, except possibly one who has gone through such an experience can fully appreciate what it has meant to me. While I am leaving this week with my little ones to make my future home in Lancaster, where I may be near relatives, I shall ever cherish the memory of the dear people here. I can only say from the depth of my heart, I thank you."

In Lancaster, Mrs. Myers will live at 333 North Maple street.

## ALEXANDRIA.

The W. F. M. S. met Thursday with Mrs. G. Clifford, there was a good attendance and an interesting program. During the social hour, refreshments were served by the hostess, Mrs. Clifford and Mrs. R. P. Wright.

Thurston Alberry has brought the property on North Liberty street formerly owned by Mrs. Wilson Thorp and will move his family into their new home Wednesday.

Mrs. Cora Jones of Columbus, spent the week-end with her mother, Mrs. Kimpton of the village.

Mr. and Mrs. Scott Carroll announce the birth of a son Raymond Thomas, March 4.

John Hammond was a guest at the E. T. Bennett home Thursday.

The Alexandria Grange held its regular session Monday evening with an unusually good attendance, there was work in 4th and 4th degrees.

Mrs. Harvey Miller and family, south of the village are moving from the farm to Granville where they will make their future home.

Fessie Bradley, spent the week-end with her aunt, Mrs. Mary Morgan.

Mr. and Mrs. Joe Fulk, entertained the following at their home Sunday, Leslie, Merriman, Clifton, Grimm Cunningham, Agatha Cunningham and Virginia Mahall all of Newark.

Maud Price spent Sunday night with her aunt Mrs. Martha Thomas.

Mrs. Cora Fulk, spent Wednesday at Newark, the guest of Mrs. J. R. Rutledge.

## BOWLING

Several changes were made in the handicap tournament at the Pastime this week. First place was tied by Schenk and Hawkins, while Brock and Barick rolled into ninth place with 1211.

## USE GAME PROCEEDS TO BUY SWEATERS

The annual sweater game of the local high school will be played against Hebron high Friday night at Hickey hall. Hebron has not yet been beaten and will no doubt give the local team a good game. A. B. Long, in charge of basketball, has applied for a game with Granville high school, to be played with the second team, however, it is not as secured. In case Granville does not play the junior and sophomore girls will play.

## Twenty-Five Years Ago

(From Advocate, March 11, 1895)  
A stable belonging to Joseph Fox, burned with all the contents, including a fine cow.

The new headquarters of Lemert Post, G. A. R., was formally opened last night with a musical and literary program.

## FIFTEEN YEARS AGO TODAY.

(From Advocate, March 11, 1905.)  
Mrs. Irene Ditter entertained the

members of the Photosean club at her home in North Fourth street.

The Tuesday afternoon Euchre club met at the home of Mrs. Kemper Scott at her home in Hudson avenue.

Mr. and Mrs. C. E. Kennison announce the birth of a daughter.

Miss Nan Showman is visiting in McGuffey as the guest of her sister, Mrs. E. Nash.

Transforming Human Face.  
On January 22, 1880, one Gilbert, a parlor singer in Paris, told of a physician whose specialty was the massage of women's faces. He obtained astonishing results, refashioning a face deformed by blot or fat, restoring the lost oval. This benefactor of women also destroyed wrinkles; even triumphed over crow's feet. Whereupon a listener made the remark with the air of a deep thinker that the face is the notebook of our griefs, excesses, pleasures; that each one of them writes its mark. This is not always true. Because a man had a flaming red nose, it was not a sign that he was a constant and two-handed drinker of strong waters. We speak also of the past.

## LEGION HAS SOCIAL AND BUSINESS MEET

Newark Post, American Legion, has extended a cordial invitation to all former service men to attend the business and social meeting of the post at the G. A. R. hall tonight at 7:30 o'clock. Officials of the local post are urging all members to bring along as many buddies as possible.

The members will vote on the change in the constitution and discuss plans for new quarters. "Chow" is to be served and Frederick Wright is providing an entertainment program. He has promised another surprise.

## TOO MUCH TOBACCO AFTER FORTY-FIVE SUICIDAL, SAYS DOCTOR

Immoderate use of tobacco after forty-five is suicidal, says Dr. Hirschfeld, eminent medical author, and other doctors agree with him. Excessive use of tobacco is bad for anyone any time, and how much you can stand can only be told after it is too late if you have used too much. Better to quit, and here Nicotol will help you. Get a few Nicotol tablets from any druggist and let them drive the craving from you. If you want to resume after seeing how much better you feel without tobacco you can do so any time. Nicotol is sold under a positive money-back guarantee. It costs you little to quit and nothing if Nicotol fails.

Note: If you know you are smoking too much let Nicotol help you reduce the quantity and show you how easy it is to quit altogether. Ask your druggist about the success of Nicotol. He knows and can be trusted to tell you the truth.—Adv.

Uruguay has joined the list of nations which recognize twenty-four-hour time officially.

## ALL TIRE MANUFACTURERS

## INCREASE PRICES

15 TO 20% MARCH 9TH, 1920
